

Project History

Governor Rick Perry directed TxDOT to develop a statewide network of multimodal transportation improvements to meet demands expected in the 21st Century.

Rockwall County initiated public outreach to develop potential alignments for the Rockwall County portion of an outer loop around Dallas-Fort Worth.

NCTCOG included a regional outer loop in *Mobility 2030* as a circumferential relief route for the metroplex.

NCTCOG released the **Regional Outer Loop Feasibility Study** and included studies of corridors on the east side of the region.

Rockwall County concluded the feasibility study to refine the recommended location of the Rockwall County Outer Loop following a public meeting held in November 2023.
