Documentation of Public Meeting

Project Location
Rockwall County, Texas

Rockwall County Outer Loop
CSJ: 0918-25-027

Project Limits
From FM 2755 to SH 205

Meeting Location
Liberty Hall, Rockwall County Courthouse
1111 E Yellow Jacket Lane #401, Rockwall, Texas 75087

Available online at: https://rockwallcountytexas.com/1285/13059/RCOL-Public-Meeting-3

Meeting Date and Time
In-Person Meeting:
November 14, 2024, from 5:30 p.m. to 7:30 p.m.

Virtual Meeting:
November 14, 2024, at 5:30 p.m. to November 29, 2024, at 11:59 p.m.

Translation Services
Services were available, but none were requested

Video Presentation Narrator
Cherish Anderson - Halff, Inc.

Elected Officials in Attendance
John Stacy – Rockwall County Commissioner, Precinct 4
Dana Macalik – Rockwall County Commissioner, Precinct 2
Dennis Bailey – Rockwall County Commissioner, Precinct 3
Bobby Gallana – Rockwall County Commissioner Elect, Precinct 1
Lorne Liechty – Rockwall County Commissioner Elect, Precinct 3
David Peek – Rockwall County Treasurer
David Billings – City of Fate, Mayor
Mark Hatley – City of Fate, City Council Member, Place 5
Sharon Caldwell – City of Heath, City Council Member, Place 1
Donna Burroughs – Rockwall County GOP, Precinct 3A Chair
Constance Paris – Rockwall County GOP, Precinct 2D Chair
Scott Muckensturm – Royse City ISD Board of Trustees, President

Total Number of Attendees
210 In-person Attendees (12 Elected Officials, 171 Public, 27 TxDOT Staff/Consultants)
77 Online Attendees

Total Number of Commenters
59

Rockwall County Outer Loop Project

November 14, 2024 In-Person and Virtual Public Meeting

Comment/Response Matrix Legend

Item	Response
A (Project Purpose and Need)	The proposed project is needed because there is a lack of north-south connectivity and roadway capacity within Rockwall County to meet local and regional mobility needs and accommodate projected vehicular traffic volume increases on the local roadway network resulting from anticipated development and population growth. According to the North Central Texas Council of Governments' (NCTCOG) Mobility 2045 Update (June 2022), Rockwall County is projected to grow 43 percent by 2045, which exceeds the 40 percent growth expected for the 12-county DFW Metropolitan Planning Area. Approximately 40,000 to 70,000 vehicles per day are expected to use the proposed project by 2045. A new location roadway is needed due to the lack of suitable, continuous north-south major arterials in the project vicinity and the projected growth in the project study area. The NCTCOG fiscally constrained *Mobility 2045, 2022 Update* determined the potential north-south roadway through Rockwall County would meet local and regional mobility needs by 2045. The purpose of the proposed project is to improve north-south connectivity and mobility at the local and regional level and accommodate population and traffic volume growth by providing a new roadway that would connect to existing highways and the planned Outer Loop in Collin and Kaufman counties. Based on studies performed to date by NCTCOG, other ongoing roadway projects in the county would not address the Rockwall County Outer Loop Project's purpose and need. A detailed traffic study is underway for the Phase 1 alternative recommended for further study. Data from this traffic study would be incorporated into the detailed purpose and need statement within the draft Environmental Assessment (EA) for Phase 1. The draft EA for Phase 1 will be made available to the public during a future public hearing, tentatively scheduled for mid to late 2026. A separate traffic study and draft EA will be completed for Phase 2 at a later time.
B (Project History and Decision Making)	The concept for the Rockwall County Outer Loop began in 2002 following an initiative from Texas Governor Rick Perry to develop a statewide network of multimodal transportation improvements. Rockwall County developed a routing study in 2005 which resulted in a preliminary roadway corridor that was integrated in the North Central Texas Council of Governments' (NCTCOG's) long-range mobility plan in 2007. In 2011, the NCTCOG conducted a feasibility study over 12 counties to identify a regional outer loop around the Dallas-Fort Worth Metroplex. In that feasibility study, the Rockwall County Outer Loop was identified as a segment of independent utility for continued development and further evaluation.

	The current Rockwall County Outer Loop feasibility study is built on Rockwall County's locally preferred alternative alignment identified in January 2007 and the 2011 NCTCOG Regional Outer Loop Corridor Feasibility Study. The new study developed alternatives by updating previous analyses that are more than a decade old, including examining recently constructed and planned developments, before identifying the alternative recommended for further study. The Rockwall County Outer Loop is included in local and regional planning documents, including thoroughfare plans published by the City of Rockwall, City of Royse City, and Rockwall County. Each thoroughfare plan was examined and utilized in developing alternatives evaluated during the feasibility study. All thoroughfare plans are publicly available on each city's and Rockwall County's website. Public involvement has been and will continue to be conducted at key milestones in project development. To date, public meetings have been held to present preliminary alignment alternatives (November 2022), an alternative recommended for further study (November 2023), and the Phase 1 schematic (November 2024). The refined Phase 1 schematic and draft Environmental Assessment (EA) will be made available to the public during a future public hearing, tentatively scheduled for mid to late 2026. All materials presented at public involvement events are available online at rockwallcountytexas.com/loop. All comments received throughout project development from project stakeholders and members of the public are fully considered by the project team and Rockwall County. The Texas Department of Transportation (TxDOT) and NCTCOG are project stakeholders that, along with local cities, have been included throughout project development. A description of how public feedback was incorporated into the proposed project will be made available in the draft EA for each Phase.
C (Phase 2)	The Rockwall County Outer Loop Feasibility Study examined potential alignment alternatives for the full project corridor, including both Phase 1 (from FM 2755 to SH 276) and Phase 2 (from SH 276 to SH 205). The purpose of the feasibility study stage of the Rockwall County Outer Loop Project was to identify and recommend an alternative that (1) is reasonable and feasible, (2) meets the project purpose and need, (3) is consistent with local and regional planning documents and (4) minimizes impacts to the extent possible in the corridor. The recommended alternative would then be carried forward to the schematic design and environmental studies phase of the project, which would be completed separately for Phase 1 and Phase 2.

	Multiple roadway alignment alternatives were developed and evaluated using different quantitative measures, including the number of homes within 500 feet. Based on this evaluation, the project team identified an alternative recommended for further study, which consisted of the Phase 2 Modified Green/Purple Alternative presented at the November 2023 public meeting. To address public and stakeholder input, Rockwall County is conducting additional feasibility studies for the Outer Loop from south of Parker Creek to State Highway (SH) 205.
D (Safety)	Rockwall County designs and constructs roadways in accordance with applicable engineering standards, and the purpose of the proposed project is to enhance mobility and safety for motorists, bicyclists and pedestrians. Rockwall County partners with many other law enforcement agencies to prevent crime and enforce the law to keep Rockwall County safe. There are many variables that affect criminal activity and crime rates, and Rockwall County cannot reasonably foresee if or how the proposed project would affect crime in the area. However, Rockwall County would continue addressing crime that falls under its jurisdiction as appropriate under the law.
E (Noise)	A traffic noise analysis will be performed as part of the environmental studies being completed for the project, in accordance with the National Environmental Policy Act (NEPA) and the Texas Department of Transportation's (TxDOT's) *Procedures for Analysis and Abatement of Roadway Traffic Noise and Construction Noise*. Based on the findings, noise abatement barriers would be proposed for locations that meet federal and TxDOT criteria in terms of noise reduction, cost and constructability. The results of the traffic noise study and the locations and characteristics of any proposed noise barriers will be shared with the community before preparing the final project design.
F (Development & Community Impacts)	The Rockwall County Outer Loop is proposed in response to expected growth and traffic volume increases that will occur independently of the proposed project. Construction would occur in phases to accommodate the anticipated growth and development as it occurs. Initial construction would consist of a single frontage road with two lanes, one operating in each direction. A community impacts analysis will be performed as part of the environmental studies being completed for the project, in accordance with the National Environmental Policy Act (NEPA). The analysis will include an evaluation of potential impacts to residences, businesses, community facilities and broader community cohesion in the study area as a result of the proposed project. Any undeveloped areas that would be made accessible by the project and therefore potentially subject to future development by third parties would be noted as part of the Environmental Assessment (EA) for Phase 1. The draft EA

	for Phase 1 will be made available to the public during a future public hearing, tentatively scheduled for mid to late 2026. A separate draft EA will be completed for Phase 2 at a later time. Rockwall County does not possess general zoning authority and, aside from enforcing subdivision regulations and infrastructure standards, has limited ability to control land use or development in unincorporated areas.
G (Air Quality)	An evaluation of air quality impacts will be performed as part of the environmental studies being completed for the proposed project, in accordance with the National Environmental Policy Act (NEPA). Under the Clean Air Act, the proposed project is required to conform to the State Implementation Plan to meet federal air quality standards, meaning that the project will not cause or contribute to any new violations of the National Ambient Air Quality Standards (NAAQS); increase the frequency or severity of NAAQS violations; or delay timely attainment of the NAAQS or any required interim milestone. Environmental investigations will include a traffic air quality analysis, including an evaluation of mobile source air toxics and congestion reduction strategies and operational improvements under the congestion management process, as applicable. In addition, part of the purpose of the proposed project is to manage congestion considering projected traffic and travel patterns on major roadways in the study area. Congestion causes traffic to stop and go more frequently, resulting in the release of more greenhouse gases in localized areas. By improving overall mobility, traffic can maintain constant speeds and in-turn, decrease the amounts of greenhouse gases released.
H (Biological Resources)	An evaluation of wildlife habitat and vegetation resources will be performed as part of the environmental studies being completed for the project, in accordance with the National Environmental Policy Act (NEPA). As part of the investigation, environmental scientists will identify potential habitat within proposed right of way (ROW) and potential effects on threatened and endangered species. Mitigation strategies will be evaluated and proposed, as appropriate. This project will comply with applicable provisions of the Migratory Bird Treaty Act (MBTA) and Texas Parks and Wildlife Code Title 5, Subtitle B, Chapter 64, Birds.
I (Floodplain)	A hydraulic analysis will be performed for the proposed project. The hydraulic design would align with current Federal Highway Administration (FHWA) and Texas Department of Transportation (TxDOT) design policies. The facility would permit the conveyance of the 100-year flood and would not increase the base flood elevation to a level that would violate applicable floodplain regulations and ordinances.

Rockwall County Outer Loop Project

November 14, 2024 In-Person and Virtual Public Meeting

Comment/Response Matrix Legend

J (Property Value)	Changes in property values are driven by a variety of site-specific factors. Rockwall County cannot reasonably foresee how property values may be affected in a negative or positive way.

Comment/Response Matrix for the Rockwall County Outer Loop Project

Comment Number	Commenter Name	Date Received	Source	Comment Topic	Response
1	Ahrens, Todd	11/14/2024	Written Comment	#1 Move it to Hunt County #2 If you won't then run it down south High Point Rd and go around the backside of High Point Ranch down 243 & connect South of the airport at the gun club please. Call me.	See **Response C (Phase 2)** in the Comment/Response Matrix Legend.
2	Akers, Greg	11/14/2024	Written Comment	One concern is the environmental change for the Snow Geese that migrate to Tate Farms every year. My other concern is crime, noise, and access to my house on FM 548. No proposed sound barrier wall.	See **Responses D (Safety), E (Noise)** and **H (Biological Resources)** in the Comment/Response Matrix Legend. Under the Phase 2 preliminary design presented at the November 2023 public meeting, access to your property (12657 S FM 548, Rockwall CAD Parcel ID 59363) would be maintained. Please see the snippet of **Roll 1 of 5: SH 205 to North of Kuban Road** below. The existing FM 548 pavement that your driveway connects to (shown as red hatch in the snippet) would remain in place and connect to the re-aligned FM 548 which tees into the Outer Loop frontage road.  Please note, to address public and stakeholder input, Rockwall County is conducting additional feasibility studies for the Outer Loop from south of Parker Creek to State Highway (SH) 205. The November 2023 design is preliminary and subject to change.

Comment/Response Matrix for the Rockwall County Outer Loop Project

Comment Number	Commenter Name	Date Received	Source	Comment Topic	Response
3	Akers, Polly	11/14/2024	Written Comment	*How will this impact High Point Ranch access to Hwy 205 *Access to my home on FM 548 *Migratory snow geese on Tate Farm property *Noise, crime *Sound barriers?	See **Responses D (Safety), E (Noise)** and **H (Biological Resources)** in the Comment/Response Matrix Legend. Under the Phase 2 preliminary design presented at the November 2023 public meeting, access to your property (12657 S FM 548, Rockwall CAD Parcel ID 59363) would be maintained. Please see the snippet of **Roll 1 of 5: SH 205 to North of Kuban Road** below. The existing FM 548 pavement that your driveway connects to (shown as red hatch in the snippet) would remain in place and connect to the re-aligned FM 548 which tees into the Outer Loop frontage road. High Point Ranch residents would be able to access the proposed Outer Loop southbound frontage road via the proposed grade separation at the realigned FM 548. Residents would travel south along the Outer Loop frontage road to access State Highway (SH) 205.  Please note, to address public and stakeholder input, Rockwall County is conducting additional feasibility studies for the Outer Loop from south of Parker Creek to SH 205. The November 2023 design is preliminary and subject to change.
4	Barker, Heather	11/14/2024	Written Comment	I do not want the loop 50ft from my neighborhood. The proposed project will bring noise, traffic, and crime into our beautiful county & south Rockwall country living. I do not want to worry about my kids that freely run around our neighborhood & play with their friends. Our neighborhood is quiet now & so relaxing. There are other counties that want this loop. Move it there. We do not want it. Keep Rockwall beautiful!	Comment noted. See **Responses A (Project Purpose and Need), C (Phase 2), D (Safety), E (Noise)** and **F (Development and Community Impacts)** in the Comment/Response Matrix Legend.

Comment/Response Matrix for the Rockwall County Outer Loop Project

Comment Number	Commenter Name	Date Received	Source	Comment Topic	Response
5	Barker, Justin	11/14/2024	Written Comment	We have lived in High Point Lake Estates or Bluebonnet since March 2017. We moved to the area to be outside the city feel. This will affect ours and thousands of others who live where we live for this same reason. Find somewhere that doesn't have the subdivisions that you will destroy with this mess.	See **Responses B (Project History and Decision Making), C (Phase 2)** and **F (Development and Community Impacts)** in the Comment/Response Matrix Legend.
6	Blumhardt, Amy	11/21/2024	Mail	I am opposed to the outer loop so close to our homes. The increased development is exactly why we moved here, to get away from fast food chains etc. The increased traffic would also take away from the wildlife around this area, as well as the beauty. We also would run out of resources, like water (which we do have a shortage of and have been on water restrictions during the summers). Please! Stop the madness! No outer loop.	Comment noted. See **Responses A (Project Purpose and Need), F (Development and Community Impacts)** and **H (Biological Resources)** in the Comment/Response Matrix Legend.
7	Brons, Christopher & Dessiree	11/16/2024	Email	Will there be sound barriers along the parts of this highway that are adjacent to neighborhoods? We live in Waterscape and certainly don't want to hear the roar of traffic on a super highway. I know this is typically the protocol for major highways that run adjacent to homes/neighborhoods. Also, please consider that we don't want the access road / on-ramp to run directly into our neighborhood entrance. At one point this was the case, so I hope this was reconsidered. For the value of our homes and quality of peace that we enjoy, please consider our requests.	See **Response E (Noise)** in the Comment/Response Matrix Legend. The proposed Rockwall County Outer Loop would run parallel to and west of the existing Farm-to-Market Road (FM) 548 roadway adjacent to the Waterscape subdivision. At this time, the connection to FM 548 in the vicinity of the Waterscape subdivision (shown during the November 2023 public meeting) has been removed from the proposed Phase 1 design in response to public feedback.
8	Brown, Cyndi	11/14/2024	Written Comment	Before we bring on a project of this magnitude that will impact Rockwall County citizens significantly, I would like to see the Purpose Statement for Rockwall County – why does Rockwall Co need this? What happens to Rockwall Co if this project is not approved? Additionally, I would like for Rockwall County to have a say in the density and development along this loop. What impact will the loop have on the amount of available open spaces, trails, and parks? I would like to see the environmental study for south portion.	See **Responses A (Project Purpose and Need)** and **F (Development and Community Impacts)** in the Comment/Response Matrix Legend. Environmental studies for Phase 1 are ongoing for the project and will be completed in accordance with the National Environmental Policy Act (NEPA). A summary of these studies will be included within the draft Environmental Assessment (EA) for Phase 1. The draft EA for Phase 1 will be made available to the public during a future public hearing, tentatively scheduled for mid to late 2026. Separate environmental studies and a draft EA will be completed for Phase 2 at a later time.
9	Burns, Russell	11/14/2024	Written Comment	In the meeting on November 12th, 2024, it was mentioned that a previously agreed upon deal would be violated if this does not go through. What specifically was that deal, who agreed to it, and what is the breakdown of funds that would be at risk of losing? which projects are those funds allotted for? I have serious concerns about this coming through and oppose it!!! This would bring much more traffic through the area that otherwise would not come through. This will cause traffic on other streets already overloaded. This will bring more people in the area that otherwise wouldn't come through, already seeing too many people as it is. This would go directly in front of my neighborhood in Royse City & bring risk of more crime. This needs to go east to less populated areas!!!	Comment noted. See **Responses A (Project Purpose and Need), B (Project History and Decision Making), D (Safety)** and **F (Development and Community Impacts)** in the Comment/Response Matrix Legend.

Comment/Response Matrix for the Rockwall County Outer Loop Project

Comment Number	Commenter Name	Date Received	Source	Comment Topic	Response
10	Carrillo, Tony	11/14/2024	Written Comment	1. Adding this major throughfare between Nevada and McLendon-Chisholm is adding an invitation for more retail, apartment complexes, and noise pollution. This area does not desire to become Plano or Frisco. You are stealing the small town feel. 2. I-30 is already congested with existing residence, adding this pathway will only further drive times for existing residence who work in Dallas. This proposed "improvement" is anything but. Current surrounding infrastructure is not ready to support this "Major Artery." Focus should be on widening I-30 NOW. The existing widening project for I-30 is a day late and a dollar short. 3. The country lifestyle is why people choose to live in the east part of Rockwall. This development will bring city traffic noise to neighborhoods, open the door for smut retail and smoke/vape shops and invite investors to add apartment complexes which will completely dissolve the small town vibe. **DO NOT DO THIS**	See **Responses A (Project Purpose and Need), E (Noise)** and **F (Development and Community Impacts)** in the Comment/Response Matrix Legend.
11	Casper, Crystal	11/14/2024	Written Comment	This will run directly on the property line of our residential neighborhood. No one in this county has voted for this and no one at this meeting can say who reads these comments. This is a project we do NOT want here. If Hunt County wants it let them have it. We don't want high density development here and someone needs to listen.	Comment noted. See **Responses A (Project Purpose and Need), B (Project History and Decision Making), C (Phase 2)** and **F (Development and Community Impacts)** in the Comment/Response Matrix Legend.
12	Casper, James	11/14/2024	Written Comment	I am stunned that I talked to all of the consultants in the room and no one could answer the question of who decides where the road goes and who will be responsible for approving it. Phase II will run directly behind my house on the proposed path and I am a Hard No on that. In this meeting I was told by different people it was the county's decision, NCTCOG's decision, TxDOT's decision, and/or the U.S. Department of Transportation's decision. This is non-transparent government at its worst.	See **Responses B (Project History and Decision Making)** and **C (Phase 2)** in the Comment/Response Matrix Legend.
13	Clinard, Keith	11/27/2024	Mail	On the proposed project map, no driveway is shown for our property. We will need one to be able to access it. CCAD ID 1284657	Access will be provided to CCAD ID 1284657 via the proposed southbound Outer Loop frontage road. A driveway connection will be added to the schematic.
14	Codiana, Tom	11/26/2024	Email	I am the managing partner of Copranel Properties. Our property is at Circle Drive and I-30 in Royse City. The TxDot Parcel ID: P00000299, ROW CSJ: 0009-12-222. In late 2020 TX Dot acquired 1.122 Acres along the frontage road for the roadway expansion. If the currently proposed outer loop project proceeds than additional property as shown on your drawings and the attached screen shot would need to be acquired. Would you be able to tell me how many acres you will be needing with this new acquisition? I was unable to attend the last meeting in person but I understand from the materials that purchase negotiations would begin in 4th quarter of 2025/ early 2026. Any information you could provide on the required acreage and timing on any transactions would be appreciated so that our own development plans can take this into account. *Please refer to **Attachment D, Comments Received** for the attached screenshot mentioned in the comment.*	The referenced property is located at 1515 W I-30, Royse City, Texas (Rockwall CAD Parcel ID 12356). Under the current project design, approximately 1.3 acres of right of way (ROW) would be required. The ROW acquisition phase of the project is currently unfunded and a schedule for ROW acquisition is not available at this time.

Comment/Response Matrix for the Rockwall County Outer Loop Project

Comment Number	Commenter Name	Date Received	Source	Comment Topic	Response
15	De La Torre Jr., Antonio	11/14/2024	Written Comment	Near where the construction is to occur, we are worried about access to phase 1 in both directions. We look forward to working toward the progress & growth for Royse City. *Comment refers to access to property owned by Mr. De La Torre Sr. at 740 North Sorrells Road Royse City, Texas 75189.*	**On 11/15/2024, Aimee Jones, PE, Consultant Project Manager, responded by email to Antonio De La Torre Sr. regarding his property at 740 North Sorrells Road Royse City, Texas 75189 (see Comment #16). Antonio De La Torre Jr.'s comment relates to the same property and same access concerns. Aimee Jones's response is reproduced below:** Good morning, Mr. De La Torre: I'm not sure if you were able to attend yesterday's Public Meeting for the Rockwall County Outer Loop. All materials presented at the in-person option is available online here: https://rockwallcountytexas.com/1285/RCOL-Public-Meeting-3. If you scroll down to the 60% Draft Schematic Design, Sorrells Road is located on Rolls 3 and 4. I've included snippets below for your convenience. The intent is to replace Sorrells Rd with the proposed northbound frontage road from SH 66 to a point near your property. The red crosshatch indicates removal of existing pavement. The remainder of Sorrells Rd would be left in place and connected to the realigned County Line Road where a grade-separated interchange is proposed. If you have further questions we would be happy to give you a call. *Please refer to **Attachment D, Comments Received** for the snippets mentioned in the response.*
16	De La Torre Sr., Antonio	11/14/2024	Email	We currently own property off of North Sorrells Road. We are curious how much of this road will be used and how far beyond the road will be used for development of the proposed Outer Loop?	**On 11/15/2024, Aimee Jones, PE, Consultant Project Manager, responded by email with the following:** Good morning, Mr. De La Torre: I'm not sure if you were able to attend yesterday's Public Meeting for the Rockwall County Outer Loop. All materials presented at the in-person option is available online here: https://rockwallcountytexas.com/1285/RCOL-Public-Meeting-3. Comment/Response Matrix for the Rockwall County Outer Loop Project

Comment Number	Commenter Name	Date Received	Source	Comment Topic	Response
17	Duffy, Cynthia	11/14/2024	Written Comment	As a homeowner whos home backs up to Kuban Rd. I OPPOSE PHASE 2 AS PRESENTED! Seek alternate routes at FM 548 and Kuban to increase setbacks from adjoining properties + decrease easements. We need better transportation options but 1 min away? Vote NO!	Comment noted. See **Response C (Phase 2)** in the Comment/Response Matrix Legend.
18	Evans, Michael	11/14/2024	Written Comment	I'm opposed to this going through Rockwall and my front yard. I didn't buy my house to have a noisy freeway in my front yard. If this was going through your front yard you would never do it. We don't want it in our yard either. And yes I'm pissed that your shoving this down our throats.	Comment noted. See **Responses C (Phase 2)** and **E (Noise)** in the Comment/Response Matrix Legend.
19	Evans, Susan	11/14/2024	Written Comment	Find another way to put this freeway in, not through Rockwall County. We don't want this in our neighborhood.	Comment noted. See **Response C (Phase 2)** in the Comment/Response Matrix Legend.
20	Fiske, Clif	11/14/2024	Written Comment	I am a landowner north of I-30 + South of 66. I am in favor of the proposed ROW + hope for a successful project.	Comment noted.
21	Glaze, Carl	11/27/2024	Mail	This proposal should be rejected out of hand. It sacrifices your citizens and neighborhoods on the alter of regional growth. The notion that population growth is to be sought, fostered, and indeed, subsidized is the logic of the cancer cell. And cancer kills the patient. The regional planners want you to sacrifice your citizens so that they can divert thru truck traffic out of Dallas. Just say "NO".	See **Responses A (Project Purpose and Need)** and **F (Development and Community Impacts)** in the Comment/Response Matrix Legend.
22	Glaze, Dixon	11/27/2024	Mail	STOP the Rockwall Co. Loop altogether. Our quality of life in our low density area of North Rockwall Co. will be destroyed by this road. The Migration Route and ecosystem here will NOT survive this road's consequences. Your field environmental study as reported was an inadequate farce. We in this special riparian and adjacent upland area must not have our land and lives destroyed to accommodate the NCTCOG plan to move traffic east of Dallas. At least have ALL overpasses and stream overpasses 3 times the distance of the highest possible water level on both sides. And no hunting/fishing.	Comment noted. See **Responses F (Development and Community Impacts)** and **H (Biological Resources)** in the Comment/Response Matrix Legend. Environmental studies for Phase 1 are ongoing for the project and will be completed in accordance with the National Environmental Policy Act (NEPA). A summary of these studies will be included within the draft Environmental Assessment (EA) for Phase 1. The draft EA for Phase 1 will be made available to the public during a future public hearing, tentatively scheduled for mid to late 2026. Separate environmental studies and a draft EA will be completed for Phase 2 at a later time.
23	Hancon, Peter	11/14/2024	Written Comment	My wife and I are opposed to this entire project. Rockwall county does not need it, as it will unalterably change the face and nature of the county. We live in the phase 2 part of the project which is still natural. This road would make that part of the county urban. We also oppose Phase 1 and urge the commissioners to vote against further funding of this project. The idea that the tax payers of Rockwall will fund the road is anathema.	Comment noted. See **Responses A (Project Purpose and Need), B (Project History and Decision Making), C (Phase 2)** and **F (Development and Community Impacts)** in the Comment/Response Matrix Legend.

Comment/Response Matrix for the Rockwall County Outer Loop Project

Comment Number	Commenter Name	Date Received	Source	Comment Topic	Response
24	Hemraj, Goordial	11/14/2024	Written Comment	Concerns: We moved to High Point Lake Estates because of the country settings, away from highways and traffic to get some peace and quiet. Now you are telling us that you have no choice but to bring a highway just a couple hundred feet from my front door? This is very poor planning and you should not have let more and more building to continue. You should compensate everyone affected by buying their homes or pay the amount the property value will go down. We are totally against this plan.	Comment noted. See **Responses A (Project Purpose and Need), B (Project History and Decision Making), C (Phase 2), E (Noise)** and **F (Development and Community Impacts)** in the Comment/Response Matrix Legend. Impacts to property would be assessed during the right of way (ROW) acquisition process. The process would follow the procedures under the Texas Department of Transportation (TxDOT) Right of Way Acquisition and Relocation Assistance Program and would be conducted in accordance with the Uniform Relocation Assistance and Real Property Acquisition Policy Act of 1970, as amended in the Uniform Relocation Assistance Act of 1987. Once the ROW map is approved and the project is environmentally cleared, ROW acquisition staff and consultants would contact the property owner to initiate TxDOT's Right-of-Way Acquisition and Relocation Assistance Program. Then, the staff would determine the project ROW needs at the landowner's parcel based on the approved ROW map. The property would be appraised, and fair market value would be offered to the landowner for any land and improvements needed for ROW. Additionally, damages to the remaining property (if any) would be appraised and included in the fair market value offer. Relocation benefits would be offered to all eligible tenants.
25	Henson, Richard	11/14/2024	Written Comment	Please allow the January 2025 commissioners court take on this issue. Lame Duck commissioners should not vote on this in December 2024, as they are leaving the court in January 2025.	Comment noted.
26	Hurst, Jackson	11/18/2024	SurveyMonkey	I approve and support the Rockwall County Outer Loop Project because the Rockwall County Outer Loop will provide a relief route around Dallas.	Comment noted.
27	Jordan, Dawn	11/14/2024	Written Comment	Hunt County wants it. Give it to them. Who approved this for Rockwall County? I never saw it on a ballot. Where is the funding coming from. I raise chickens and grow vegetables. A highway would effect all of that.	See **Responses B (Project History and Decision Making)** and **C (Phase 2)** in the Comment/Response Matrix Legend.
28	Jordan, Regina	11/14/2024	Written Comment	At what time will be notified if we are in the buyout zones? How and when will this be funded? Is there not a different location that it could be moved to? We moved to Royse City, from Mesquite, because the city decided to expand their airport forcing us off our land. We thought building in Royse City would be our forever home. We do NOT want a highway in our backyard so we will again be forced to move.	Comment noted. See **Responses A (Project Purpose and Need)** and **C (Phase 2)** in the Comment/Response Matrix Legend. Funding has not yet been identified for the right of way (ROW) acquisition and construction phases of the Rockwall County Outer Loop Project. A schedule for ROW acquisition is not available at this time.
29	Kelly, Cheryl	11/14/2024	Written Comment	I vote NO!!! To much concrete & noise. To close to houses. Floodplain, concrete runoff Bad!!!	Comment noted. See **Responses C (Phase 2), E (Noise)** and **I (Floodplain)** in the Comment/Response Matrix Legend.

Comment/Response Matrix for the Rockwall County Outer Loop Project

Comment Number	Commenter Name	Date Received	Source	Comment Topic	Response
30	Knoy, Robert	11/14/2024	Written Comment	Improvement is wonderful & sometimes needed/required. However when improvement impacts one person or more (in this case) there should be no doubt as to the confidence in having the support of that one, or in this case a majority approval. TxDOT does not have that approval. Rockwall County does not have approval of its constituents. There has been no vote on this (Phase 2) through Rockwall County. The funds for this project cannot be identified and numerous times that question has been asked and unanswered! So, at this point I cannot, in confidence speak favorably for this project phase 2! Move it to Hunt County! Amazon does not control things! The people do!	See **Responses A (Project Purpose and Need), B (Project History and Decision Making)** and **C (Phase 2)** in the Comment/Response Matrix Legend.
31	Langford, Louis	11/14/2024	Written Comment	Where the SE corner is, there is a oil water separator tank. The tank is $150,000.00. I own the tanks. There is no place to put another set of tanks. It's a truck wash. 3 tanks	The referenced property is located at 6791 SH 276, Royse City, Texas (Rockwall CAD Parcel ID 63134). The property is located south of State Highway (SH) 276 within the Phase 2 project limits. Under the Phase 2 preliminary design presented at the November 2023 public meeting, the southeast corner would be clipped by proposed right of way (ROW). Please see the snippet of **Roll 3 of 5: North of Howell Road to Parker Creek @ FM 548** below.  Please note, to address public and stakeholder input, Rockwall County is conducting additional feasibility studies for the Outer Loop from south of Parker Creek to SH 205. The November 2023 design is preliminary and subject to change. The location of the tank is noted and will be considered in the future design.

Comment Number	Commenter Name	Date Received	Source	Comment Topic	Response
32	Lawley, Steven	11/14/2024	Written Comment	Environmental Impact of Phase 2 will greatly increase noise and light levels. My property will be adjacent to the proposed route and I am looking at a complete loss of country tranquility due to 24/7 trucks & cars invading what is currently a quiet neighborhood area. We have already seen home sales and prices drop with people expecting to see the road come in. This road only benefits the high density developers like DR Horton that we do not want crowding out the peace and quiet. This will also increase trash and pollution into the watersheds that are along the phase 2 route. This should be moved further out to Hunt County because it does not benefit the current people. The drive needs are for east-west not north-south.	See **Responses A (Project Purpose and Need), C (Phase 2), E (Noise), F (Development and Community Impacts)** and **J (Property Value)** in the Comment/Response Matrix Legend. Roadway illumination is designed during the Planning, Specifications, and Estimates (PS&E) stage of project development and would be determined at a later date.
33	Liechty, Lorne	11/14/2024	Written Comment	* The residents of Precinct 3 are opposed to this project. It will impact their homes & lifestyles. * The project will bring additional development into the unincorporated portions of Rockwall County. A drive along George Bush Turnpike (190) shows this. * If this project goes forward Rockwall County needs the right to control development (specifically, to control use & density) alongside the Freeway and in the unincorporated areas of the county.	Comment noted. See **Responses C (Phase 2)** and **F (Development and Community Impacts)** in the Comment/Response Matrix Legend.
34	London, Dennis	11/14/2024	Voicemail, Email	Tonight, I am here as a citizen of Rockwall County who trusted you with my tax dollars and my vote. The $150 million bond that you now intend to redirect was approved by WE THE PEOPLE for very specific projects, and any attempt to reallocate those funds without a public vote is not only a violation of our trust - it borders on outright misappropriation. Under Texas Government Code Chapter 1251, it's explicitly clear that funds approved by voters must be used for the purposes specified at the time of the election. Reallocating these funds toward the Outer Loop project that was never presented to the voters constitutes a violation of that law. Commissioners, this is not an interpretation - this is statute. You cannot manipulate the language of a voter-approved bond to serve private interests or hidden agendas. The people of Rockwall County have a right to know that their money is being used exactly as promised. Texas Local Government Code 252.041 outlines that actions involving public funds should be fully transparent, with opportunities for citizen involvement and review. Operating behind closed doors, diverting funds without our knowledge, violates this fundamental principle. If this project is truly beneficial, then you should have no hesitation in presenting it to the people for approval. Anything less reeks of impropriety and, frankly, arrogance. Also, under Texas Penal Code §39.02, public servants who misuse government property - including taxpayer dollars - can be found guilty of official misconduct. Misuse of a bond that was clearly earmarked for other projects could easily meet this definition, and it's a reminder that you are not above the law. So let me be perfectly clear: if I find any portion of this plan to be legally questionable, I will be contacting both the District Attorney and the Attorney General to ensure that a thorough investigation is conducted. You cannot, and will not, get away with any form of potential misappropriation. If you think I'm kidding, just ask the city council members in McLendon Chisholm who are learning firsthand what happens when they ignore the will of the people to cater to outside interests. You think you know me? Think again. The people of Rockwall County are watching, and we will hold you accountable. Do not mistake our patience for passivity. Honor your responsibility to the people or face the legal and publicly humiliating consequences of betraying our trust.	The November public meeting addressed the proposed Rockwall County Outer Loop Project. Concerning questions about the bond program, please consult with the Rockwall County. See **Responses A (Project Purpose and Need)** and **B (Project History and Decision Making)** in the Comment/Response Matrix Legend.

35	London, Shari	11/14/2024	Written Comment	This Outer Loop is not why we approved the bonds in 2021. Not a hint of this project was on it! We have higher priority projects. This has NEVER been put to the voters and if our Commissioners Court thinks the Bond funds are a slush fund for any road they want, for shame. This will bring over-development and crime to our beautiful county and create urban sprawl that I moved here to avoid. IF YOU BUILD IT...THEY WILL COME.	The November public meeting addressed the proposed Rockwall County Outer Loop Project. Concerning questions about the bond program, please consult with the Rockwall County. See **Responses B (Project History and Decision Making), D (Safety)** and **F (Development and Community Impacts)** in the Comment/Response Matrix Legend.
36	Makaure, Lakayanah	11/17/2024	SurveyMonkey	Excited for the construction of the Rockwall outer loop and wish the timeline would be quicker. Growth of dfw especially to the east side is inevitable and it's important that we are ready to accommodate the growth and help encourage businesses to come to Rockwall.	Comment noted.
37	Marion, Erle	11/12/2024	Email	I am currently a resident in Rockwall County and reside in High Point Lake Estates in Rockwall County. I am writing you this letter because I am opposed to the building of the Outer Loop Highway. The proposed route would run adjacent to my residence and will be elevated over the flood plain. This will bring many issues to a peaceful country area of Rockwall County. For example this a proposed elevated highway directly adjacent to a community of 400 homes, this highway will bring noise, pollution, crime and more traffic to the area. The suggested path crosses a large flood plain and water causeway in multiple areas adjacent to our community, this will chase wild animals from their habitat, bring the potential for more water to be sent to the flood plain causing a risk for existing homes. Please consider another route for this proposed highway that does not destroy the beauty of Rockwall County and our beloved neighborhood. This roadway would not add any value to Rockwall County. This is a thruway for trucks and will not help Rockwall, in fact this would be the destruction of a great county.	Comment noted. See **Responses A (Project Purpose and Need), C (Phase 2), D (Safety), E (Noise), F (Development and Community Impacts), G (Air Quality), H (Biological Resources), I (Floodplain)** and **J (Property Value)** in the Comment/Response Matrix Legend.
38	Merlino, Frank	11/13/2024	Email	I am currently a resident in Rockwall County and reside in High Point Lake Estates in Rockwall County. 39	Merlino, Frank	11/14/2024	Written Comment	I am opposed to the outer loop, specifically the Southern portion that will come close to High Point Lake Estates. This highway will come 50 ft of the rear of my property line and will be elevated as well. Please do not destroy the beauty of Rockwall County with this project. We Say NO TO The Loop!!	Comment noted. See **Responses C (Phase 2)** and **F (Development and Community Impacts)** in the Comment/Response Matrix Legend.

40	Merlino, Frank	11/18/2024	Email	I am writing to express my serious concerns about the proposed construction of a 6-lane outer-loop highway near High Point Lake Estates (HPLE). This project, if approved, would have far-reaching and potentially irreversible impacts on our community. Below, I outline several well-documented concerns, supported by research and real-world examples, that highlight the negative consequences of this development. **1. Noise Pollution** The construction of a 6-lane highway would introduce significant noise pollution, directly affecting the quality of life in HPLE. The World Health Organization (WHO) identifies environmental noise as a major public health issue, linked to cardiovascular diseases, sleep disturbances, and impaired cognitive performance. • How would sound barriers impact the noise in this area? Especially with this being elevated to bypass flood plains and soil conservation areas? • Studies show that noise pollution equates to an increased stress level almost by 30%, what study can you provide in relation to increased stress levels. Residents in HPLE value the peaceful environment of our neighborhood, which would be irreparably disrupted by the noise of a high-traffic highway. **2. Safety Concerns** The safety of pedestrians, cyclists, and residents—especially children and the elderly—is a top priority for our community. Expanding to a 6-lane highway would significantly increase traffic volume and the risk of accidents. • Is this highway a thoroughfare for 18 wheel trucks heading in a north and south direction? This will become a commercial corridor for truckers to bypass 1-30. • Have any studies been completed that would show the resulting accident rates for automobiles? • Neighborhood streets near highways often become unintended cut-through routes, increasing the risks to local residents, pedestrians and cyclists. This project would directly endanger the safety of our most vulnerable residents, undermining the family-friendly environment of High Point Lake Estates. **3. Air Quality and Environmental Impact** Vehicular emissions are a primary source of air pollution, and the construction process itself would further harm the environment. • What studies have been completed to show the effects on the environment of this suburban area? • What will the impact be to the native animals such as : Deer, Falcons, Bald Eagles, and other species native to this area? • The Environmental Protection Agency (EPA) reports that highways contribute significantly to increased levels of nitrogen oxides (NOx) and particulate matter (PM2.5), both of which are linked to respiratory and cardiovascular illnesses. • A study in the *Journal of Environmental Management* (2018) found that communities near expanded highways experienced a 40% increase in harmful air pollutants. Additionally, the loss of green spaces and potential damage to local ecosystems would contradict Rockwall's commitment to sustainability. **4. Impact on Property Values** The proximity of a large highway to residential neighborhoods often leads to a measurable decline in property values. • Research published in the *Journal of Urban Economics* (2017) found that homes within 500 meters of major highways experienced an average property value decrease of 8-10%. • Noise, safety concerns, and air pollution are cited as the primary deterrents for prospective homebuyers. This decline could have significant economic repercussions for residents, diminishing the appeal of our community and reducing local tax revenue. **5. Alternative Solutions** We strongly urge Rockwall to explore alternative solutions that address traffic congestion without jeopardizing the well-being of residents. • Investments in improved public transportation infrastructure, such as express bus services or rail	See **Responses A (Project Purpose and Need), B (Project History and Decision Making), C (Phase 2), D (Safety), E (Noise), F (Development and Community Impacts), G (Air Quality), H (Biological Resources)** and **J (Property Value)** in the Comment/Response Matrix Legend.

Comment Number	Commenter Name	Date Received	Source	Comment Topic	Response
				lines, could significantly reduce traffic volume. • Utilizing alternative routes that avoid dense residential areas would better balance the needs of commuters and local communities. **Conclusion** While we recognize the need to address Rockwall's growing traffic demands, the proposed 6-lane highway near HPLE presents serious risks to our community's safety, environment, and quality of life. We respectfully request that the city prioritize a transparent and collaborative approach, engaging directly with residents to identify sustainable and community-focused solutions. Our shared goal should be to enhance mobility for all residents without sacrificing the unique character and well-being of neighborhoods like HPLE. Additionally, I would like to bring attention to an important point raised during a recent County Commissioners Court session. This meeting was one of many instances where Judge New demonstrated his commitment to serve and protect the citizens of Rockwall County. While some of our commissioners in conjunction with Halff Associates continue to justify spending upwards of $9 million of taxpayer money on the southern portion of the Rockwall Outer Loop. Judge New made it clear that Rockwall residents have never been given the opportunity to vote on this Outer Loop project. It is being imposed upon us without our consent, and Judge New is standing up for our rights. I would hope that our current and incoming commissioners, who are supposed to represent us, would do the same.	
41	Merlino, James	11/14/2024	Written Comment	NO TO the Loop!! Keep this out of south Rockwall!!	Comment noted. See **Response C (Phase 2)** in the Comment/Response Matrix Legend.
42	Merlino, Jennine	11/14/2024	Written Comment	It's unimaginable that the country section of Rockwall (southern) will be turned into an inner city. The crime rate which is so low will skyrocket. What studies were done to show us differently. Were they shared are they comparable? Most citizens don't want this here so why is it being done? Rockwall doesn't benefit. Representatives at our meeting said it's based on equity. It basically looks better to take land + homes from people that made money working hard. Is that true? Where were the decisions made & by whom? We are being punished for hard work, how is that fair. I want to know how this was decided.	See **Responses A (Project Purpose and Need), B (Project History and Decision Making), C (Phase 2), D (Safety)** and **F (Development and Community Impacts)** in the Comment/Response Matrix Legend.

Comment/Response Matrix for the Rockwall County Outer Loop Project

Comment Number	Commenter Name	Date Received	Source	Comment Topic	Response
43	Muharrem, Gurgun	11/25/2024	Email	Matt, thanks for calling me back. Hasan Pirkul is my partner. My name Gurgun Muharrem, total property is about 120+ acres. I will obtain parcel numbers and e mail those as well. Parker Rd is projected to cross Outerloop in my property.	**On 11/25/2024, Matt Craig, PE, Consultant Project Manager, responded by email with the following:** Ok, sorry Gurgun, didnt realize Dr Pirkul was your partner on this tract. We met with him about a year ago. Copied Aimee in my office to send you an email with pdf showing your tract on the schematic. **On 12/3/2024, Aimee Jones, PE, Consultant Project Manager, responded by email with the following:** Good morning, Gurgun: I've placed a bold red line around the property (ID R-73) in the screenshot below. This snip is from the schematic presented at the Public Meeting that is available here: https://rockwallcountytexas.com/DocumentCenter/View/11500/RCOL-Schem-Roll-2. Unfortunately, it falls on a matchline so it's a little harder to visualize. We also had interactive mapping stations at the meeting, and this is a view from that file with the parcel boundary in light gray. *Please refer to **Attachment D, Comments Received** for the screenshot and view mentioned in the response.*
44	Panati, Ashalatha	11/16/2024	Email	Thank you for giving the opportunity for the public to comment on the project. The outlined parcel in the below picture (Property ID: 12880) belongs to us, and we are very concerned that there is no planned entrance from the frontage roads to access the parcel on both the north and south sides of the property. As currently designed, it appears that the northern parcel would be landlocked without access and this is very concerning for us. Could you please review and adjust the plans to ensure that both the north and south parcels along the outer loop have dedicated access from the frontage roads just like the other neighboring properties? *Please refer to **Attachment D, Comments Received** for the picture mentioned in the comment.*	**On 11/21/2024, Aimee Jones, PE, Consultant Project Manager, called Ashalatha Panati to discuss her comment. The discussion is summarized as follows:** Aimee stated that access will be provided to both parcel remainders. The northern remainder will have access to the northbound frontage road. The southern remainder will likely have current access replaced along Sorrells Road due to proximity to the Outer Loop southbound frontage road and County Line Rd intersection and turn lanes. Ms. Panati is going to discuss with her husband and reach back out.
45	Pirozzolo, Suzanne	11/14/2024	Written Comment	Hunt County wants this project. Let them have it & keep it out of my front yard.	Comment noted. See **Response C (Phase 2)** in the Comment/Response Matrix Legend.

Comment/Response Matrix for the Rockwall County Outer Loop Project

Comment Number	Commenter Name	Date Received	Source	Comment Topic	Response
46	Platz, Les	11/21/2024	Email	Thank you for the opportunity to provide insight and comments regarding this proposed Outer Loop Project. My root concern is the "Need:" statement attached to this project and the size of the solution. Generic in nature, this "need" statement could be used anywhere in the country and fails to include historical and/or trending data that justifies such a massive (interstate size) solution. The existing highway system in this area sufficiently services current north/south (N/S) traffic demands. I live on a N/S highway in the project build area. During the past 5 years of growth in this area, the traffic flow for N/S travel has shown little increase. What has increased significantly is the east/west (E/W) traffic. As such, that "need" is being appropriately addressed with expansion projects on I-30, State 276 & State 205. Interesting to note, that neither the State 276 or State 205 expansion projects will be anywhere near the size of the proposed Outloop Project, yet those two highways are gridlock during morning and afternoon commutes and maintain a higher traffic flow outside the commute traffic windows. Regardless of traffic studies that may or may not exist, there is no study that can justify building this massive interstate size highway. The cost and maintenance expense alone should be sufficient reason to shelve this project permanantly. It lacks a clearly defined need and will negatively impact all who live within a 3-5 mile parallel of the project path primarily through quality of life, displacement and negative impact on our property values. The noise pollution alone will ruin the serenity of what make this rural location such a peaceful place to live. If a loop is deemed necessary, extend the 190 loop south from I-30.	See **Responses A (Project Purpose and Need), E (Noise), F (Development and Community Impacts)** and **J (Property Value)** in the Comment/Response Matrix Legend. The President George Bush Turnpike (PGBT, referred to as the 190 loop in your comment) East Branch Project is a separate project led by the North Texas Tollway Authority (NTTA) that would extend the PGBT south from Interstate Highway (IH) 30 to IH 20. For more information you can visit https://www.ntta.org/president-george-bush-turnpike-pgbt. Impacts to property would be assessed during the right of way (ROW) acquisition process. The process would follow the procedures under the Texas Department of Transportation (TxDOT) Right of Way Acquisition and Relocation Assistance Program and would be conducted in accordance with the Uniform Relocation Assistance and Real Property Acquisition Policy Act of 1970, as amended in the Uniform Relocation Assistance Act of 1987. Once the ROW map is approved and the project is environmentally cleared, ROW acquisition staff and consultants would contact the property owner to initiate TxDOT's Right-of-Way Acquisition and Relocation Assistance Program. Then, the staff would determine the project ROW needs at the landowner's parcel based on the approved ROW map. The property would be appraised, and fair market value would be offered to the landowner for any land and improvements needed for ROW. Additionally, damages to the remaining property (if any) would be appraised and included in the fair market value offer. Relocation benefits would be offered to all eligible tenants.
47	Rasmussen, Gregory	11/20/2024	SurveyMonkey	Our family and neighbors are 100% against this outer loop going very close to our house (High Point Ranch). We specifically chose this location to live years ago as it was far away from traffic, noise, pollution, congestion, and crime, yet this project will bring all of those to our area. If this North-South connectivity is absolutely necessary, could it not be pushed several miles East or West where it will have less impact on the residents here?	Comment noted. See **Responses A (Project Purpose and Need), C (Phase 2), D (Safety), E (Noise), F (Development and Community Impacts)** and **G (Air Quality)** in the Comment/Response Matrix Legend.

Comment/Response Matrix for the Rockwall County Outer Loop Project

Comment Number	Commenter Name	Date Received	Source	Comment Topic	Response
48	Salazar, Mikaela	11/29/2024	Email	My husband and I along with our 3 children Karina-14, Santiago-11, and Daniel-7 live at 500 N. Sorrells Rd. The most recent plan for the RCOL directly connects the frontage road to our driveway and front yard. We are greatly concerned for the safety of our children and neighborhood children. The inevitable car crash and a car loosing control due to high speeds is terrifying. The constant sound of traffic from a nearby highway is a great disruption to the quality of life for our community. Exhaust fumes from highway traffic will contribute to increased air pollution and make it an unhealthy place to live. We chose to build our home in Royse City like so many others because it is a safe, quiet, and peaceful place. Please consider alternate routes for the RCOL. Please feel free to contact me directly.	Comment noted. See **Responses D (Safety), E (Noise)** and **G (Air Quality)** in the Comment/Response Matrix Legend. The purpose of the feasibility study stage of the Rockwall County Outer Loop Project was to identify and recommend an alternative that (1) is reasonable and feasible, (2) meets the project purpose and need, (3) is consistent with local and regional planning documents and (4) minimizes impacts to the extent possible in the corridor. Multiple roadway alignment alternatives were developed and evaluated using different quantitative measures, including the number of homes within 500 feet. Based on this evaluation, the project team identified the alternative recommended for further study, which consisted of the Phase 1 Hybrid Alternative (comprised of the Phase 1 North Green Mod Alternative, Phase 1 Middle Aqua Alternative and the Phase 1 South Aqua Alternative) and the Phase 2 Modified Green/Purple Alternative. The alternative recommended for further study was presented at the November 2023 public meeting. Phase 1 proposed right of way (ROW) is subject to refinement as schematic development progresses; however, substantial revisions to the alignment are not anticipated at this time.
49	Singleton, Shay	11/11/2024	Email	I am currently a resident in Rockwall County and reside in High Point Lake Estates in Rockwall County. I am writing you this letter because I am opposed to the building of the Outer Loop Highway within the proposed route. The proposed route would run adjacent to my residence and will be elevated over the flood plain. This will bring many issues to a peaceful country area of Rockwall County. For example the proposed elevated highway directly adjacent to a community of 400 homes, this highway will bring noise, pollution, crime and more traffic to the area. The suggested path crosses a large flood plain and water causeway in multiple areas adjacent to our community, this will chase wild animals from their habitat, bring the potential for more water to be sent to the flood plain causing a risk for existing homes, and lower the property values in our area. We did not purchase property in this peaceful area hoping one day a major highway would be built surrounding it. Please consider another route for this proposed highway that does not destroy the beauty of Rockwall County and our beloved neighborhood. This roadway would not add any value to Rockwall County. This is a thruway for trucks and will not help Rockwall, in fact this would be the destruction of a great county.	Comment noted. See **Responses A (Project Purpose and Need), C (Phase 2), D (Safety), E (Noise), F (Development and Community Impacts), G (Air Quality), H (Biological Resources), I (Floodplain)** and **J (Property Value)** in the Comment/Response Matrix Legend.
50	Snyder, Cynthia	11/14/2024	Written Comment	We do not have enough water as it is. Now we are having to deal with a hwy right out our front door. This is going to bring so many home developments & retail - where is the water going to come from? Please I don't want a hwy right beside my home - we have lived here since the early 90's - this isn't right - Take our homes if its going to be within 1 mile of a home. Its ridiculous.	Comment noted. See **Responses C (Phase 2)** and **F (Development and Community Impacts)** in the Comment/Response Matrix Legend.

Comment/Response Matrix for the Rockwall County Outer Loop Project

Comment Number	Commenter Name	Date Received	Source	Comment Topic	Response
51	Stevens, Cory	12/5/2024	Email	I am currently a resident in Rockwall County and reside in High Point Lake Estates in Rockwall County. I am writing you this letter because I am OPPOSED to the building of the Outer Loop Highway within the proposed route. This will bring many issues to a peaceful country area of Rockwall County. For example the proposed elevated highway directly adjacent to a community of 400 homes, this highway will bring noise, pollution, crime and more traffic to the area. The suggested path crosses a large flood plain and water causeway in multiple areas adjacent to our community, this will chase wild animals from their habitat, bring the potential for more water to be sent to the flood plain causing a risk for existing homes, and lower the property values in our area. We did not purchase property in this peaceful area hoping one day a major highway would be built surrounding it. Please consider another route for this proposed highway that does not destroy the beauty of Rockwall County and our beloved neighborhood. This roadway would not add any value to Rockwall County. This is a thruway for trucks and will not help Rockwall, in fact this would be the destruction of a great county.	Comment noted. See **Responses A (Project Purpose and Need), C (Phase 2), D (Safety), E (Noise), F (Development and Community Impacts), G (Air Quality), H (Biological Resources), I (Floodplain)** and **J (Property Value)** in the Comment/Response Matrix Legend.
52	Stout, Lee & Tomi	11/14/2024	Written Comment	My address is 505 Howell Rd. Royse City. Our concern is this roadway will be too close for us to sell our home and noise & visual will be devastating to our lives. This has been our Retirement Home for 20 years. Keep us updated. Please buy our home if its close. We have served this community as First Grade Teacher 30 yrs, Coach - 34 yrs (Rockwall ISD). We deserve to be treated with Compassion & Fairness.	See **Responses C (Phase 2), E (Noise)** and **J (Property Value)** in the Comment/Response Matrix Legend.
53	Sutton, Linda	11/22/2024	Mail	This project is not necessary and not wanted. Been living a country life for 12 years + now has already been moved to a semi-country environment. I know growth is imminent but putting a north/south connecting hwy right in the middle of so many developments is down right stupid. Travel in + around the Rockwall area is already congested. We can only imagine what the outer loop will do. Please put your brilliant minds to work on another project.	See **Responses A (Project Purpose and Need)** and **F (Development and Community Impacts)** in the Comment/Response Matrix Legend.
54	Veerapaneni, Venkata	11/16/2024	Email	On behalf of ROYSE MVP INVESTMENTS LLC, we are submitting this comment regarding the proposed right-of-way that affects our property located at Parcel Number 12880. We understand and support the need for the right-of-way project, including the resulting division of our land into two halves. However, to maintain the usability and accessibility of the remaining sections of our property, we request that the County provide dedicated access roads or easements to each segment of our land. By ensuring access to both halves of the property, the County will help to preserve the land's intended utility and maintain our company's ability to operate and manage this property effectively. This would also ensure the project aligns with community and business needs while fulfilling the right-of-way goals.	**On 11/21/2024, Aimee Jones, PE, Consultant Project Manager, called Ashalatha Panati to discuss her comment regarding RCAD Property ID 12880. Venkata Veerapaneni's comment relates to the same parcel and same access concerns. The discussion is summarized as follows:** Aimee stated that access will be provided to both parcel remainders. The northern remainder will have access to the northbound frontage road. The southern remainder will likely have current access replaced along Sorrells Road due to proximity to the Outer Loop southbound frontage road and County Line Rd intersection and turn lanes. Ms. Panati is going to discuss with her husband and reach back out.
55	Vos, Rebecca	11/14/2024	Written Comment	This project is prioritizing money over the constituents in Rockwall County. Rockwall County doesn't need the kind of uncontrolled growth this will bring. I have lived in both Dallas & Collin Counties and chose to move to Rockwall because it wasn't those. Adding this highway creates the ability for it to become exactly that. Areas of uncontrolled growth do not succeed, they create more problems. Kaufman County is a perfect example of what Rockwall will become. We DO NOT WANT THIS!	Comment noted. See **Responses C (Phase 2)** and **F (Development and Community Impacts)** in the Comment/Response Matrix Legend.
56	Wade, Angela	11/14/2024	Written Comment	We have begun construction on a new home at 4732 S FM 548. The current plan has the highway west of our home, & we would obviously prefer that its location NOT move any further east, as it would adversely affect our beautiful property & the wildlife that thrives there. We currently have nearly 16 acres that is home to many species, & we intend to preserve the integrity of their habitat &, in many ways, enhance it. Please continue to take our family & our property into consideration as you continue plans for the best interest of Texans & Texas wildlife.	See **Response H (Biological Resources)** in the Comment/Response Matrix Legend. At this time, there are no anticipated changes to the approximately 3.1 acres of proposed right of way (ROW) at 4732 S FM 548 (Rockwall CAD Property ID 12860). Based on current aerial imagery, your home is not anticipated to be displaced by the proposed project.

57	Wade, Justin	11/14/2024	Written Comment	We are currently in construction phase of our new home at 4732 S FM 548 in Fate, We need to be sure that no changes to the route affect our new home. As currently planned, we will lose some of our land, but the house is still viable. Any movement to the east would be a major problem for us. Movement west is preferred if possible.	At this time, there are no anticipated changes to the approximately 3.1 acres of proposed right of way (ROW) at 4732 S FM 548 (Rockwall CAD Property ID 12860). Based on current aerial imagery, your home is not anticipated to be displaced by the proposed project.

58	Walls, Mark	11/15/2024	Email	I am writing to express my serious concerns about the proposed construction of a 6-lane outer-loop highway near High Point Lake Estates (HPLE). This project, if approved, would have far-reaching and potentially irreversible impacts on our community. Below, I outline several well-documented concerns, supported by research and real-world examples, that highlight the negative consequences of this development. **1. Noise Pollution** The construction of a 6-lane highway would introduce significant noise pollution, directly affecting the quality of life in HighPoint Lake Estates (HPLE). The World Health Organization identifies environmental noise as a major public health issue, linked to cardiovascular diseases, sleep disturbances, and impaired cognitive performance. • A study published in the *Journal of Environmental Psychology* (2019) revealed that proximity to major highways correlates with a 30% increase in stress levels and a 25% higher likelihood of sleep disturbances and the associated health implications. • Noise barriers often fail to fully mitigate these impacts, particularly in residential areas. Residents in HPLE value the peaceful environment of our neighborhood, which would be irreparably disrupted by the noise of a high-traffic highway. **2. Safety Concerns** The safety of pedestrians, cyclists, and residents—especially children and the elderly—is a top priority for our community. Expanding to a 6-lane highway would significantly increase traffic volume and the risk of accidents. • Data from the Federal Highway Administration (FHWA) indicates that wider highways are associated with a 20-30% increase in accident rates due to higher speeds and traffic density. • Neighborhood streets near highways often become unintended cut-through routes, increasing the risks to pedestrians and cyclists. This project would directly endanger the safety of our most vulnerable residents, undermining the family-friendly environment of HPLE. **3. Air Quality and Environmental Impact** The environmental consequences of a major highway expansion cannot be overlooked. Vehicular emissions are a primary source of air pollution, and the construction process itself would further harm the environment. • The Environmental Protection Agency (EPA) reports that highways contribute significantly to increased levels of nitrogen oxides (NOx) and particulate matter (PM2.5), both of which are linked to respiratory and cardiovascular illnesses. • A study in the *Journal of Environmental Management* (2018) found that communities near expanded highways experienced a 40% increase in harmful air pollutants. Additionally, the loss of green spaces and potential damage to local ecosystems would contradict Rockwall's commitment to sustainability. **4. Impact on Property Values** The proximity of a large highway to residential neighborhoods often leads to a measurable decline in property values. • Research published in the *Journal of Urban Economics* (2017) found that homes within 500 meters of major highways experienced an average property value decrease of 8-10%. • Noise, safety concerns, and air pollution are cited as the primary deterrents for prospective homebuyers. This decline could have significant economic repercussions for residents, diminishing the appeal of our community and reducing local tax revenue. **5. Alternative Solutions** We strongly urge Rockwall to explore alternative solutions that address traffic congestion without jeopardizing the well-being of residents. • Investments in improved public transportation infrastructure, such as express bus services or rail lines, could significantly reduce traffic volume. • Utilizing alternative routes that avoid dense residential areas would better balance the needs of commuters and local communities. **Conclusion**	See **Responses A (Project Purpose and Need), B (Project History and Decision Making), C (Phase 2), D (Safety), E (Noise), F (Development and Community Impacts), G (Air Quality)** and **J (Property Value)** in the Comment/Response Matrix Legend.

Comment/Response Matrix for the Rockwall County Outer Loop Project

Comment Number	Commenter Name	Date Received	Source	Comment Topic	Response
				While we recognize the need to address Rockwall's growing traffic demands, the proposed 6-lane highway near HPLE presents serious risks to our community's safety, environment, and quality of life. We respectfully request that the city prioritize a transparent and collaborative approach, engaging directly with residents to identify sustainable and community-focused solutions. Our shared goal should be to enhance mobility for all residents without sacrificing the unique character and well-being of neighborhoods like HighPoint Lake Estates. Additionally, I would like to bring attention to an important point raised during a recent County Commissioners Court session. This meeting was one of many instances where Judge New demonstrated his commitment to serve and protect the citizens of Rockwall County. While some of our commissioners in conjunction with Halff Associates continue to justify spending upwards of $9 million of taxpayer money on the southern portion of the Rockwall Outer Loop. Judge New made it clear that Rockwall residents have never been given the opportunity to vote on this Outer Loop project. It is being imposed upon us without our consent, and Judge New is standing up for our rights. I would hope that our current and incoming commissioners, who are supposed to represent us, would do the same.	
59	Wright, Colleen	11/14/2024	Written Comment	My husband and I moved to our forever home in 2016 in High Point Lake Estates. We loved the country style living and the beautiful sunsets. Also the peace and quiet from the busyness of the City. Everything will change with this outer loop being produced in our backyard. The noise will be unbearable, this will effect our sunsets, the wildlife--deer, killdeer birds, hawks, cattle, etc. Please let Rockwall citizens & others use the expanded 205, John King & other roads to get to where they need to go. I say "No" to this Outer Loop.	Comment noted. See **Responses A (Project Purpose and Need), C (Phase 2), E (Noise), F (Development and Community Impacts)** and **H (Biological Resources)** in the Comment/Response Matrix Legend.
60	Wright, Emily	11/14/2024	Written Comment	Part of the environmental assessment of this outer loop should include both resident & migratory birds. The already established neighborhoods and surrounding ranches provide a haven for birds and mammals such as white-tailed deer. For example, the consecutive freezes significantly reduced the kill deer population. We still 4 years later do not have kill deer on west side of Wincrest Drive. Further, another loop will not reduce the traffic on 205. John King and Corporate Blvds are two loops that are barely used and do not alleviate traffic on 205. Plus, 205 is being widened as we meet tonight. Let's see if that will solve the traffic on 205. At the end of the day, I rather sit in traffic on 205 than have a road in my backyard, my neighbor's backyard, the historic Tate Farm, and others.	See **Responses A (Project Purpose and Need), C (Phase 2)** and **H (Biological Resources)** in the Comment/Response Matrix Legend. An evaluation of historic resources will be performed as part of the environmental studies being completed for the project, in accordance with the National Environmental Policy Act (NEPA), Section 106 of the National Historic Preservation Act, and other federal and state preservation laws. As part of the investigation, potential impacts to historic properties within the project study area would be identified.

Comment/Response Matrix for the Rockwall County Outer Loop Project

Comment Number	Commenter Name	Date Received	Source	Comment Topic	Response
61	Young, Mandy	11/14/2024	Email	My name is Mandy Young and my husband and I purchased our property 2460 Wincrest Drive, here in Rockwall back in 2016. We had searched high and low trying to find the best place to raise our large homeschooling family with 8 children.. When we discovered our property, with the back 1/2 acre being all trees for our kids to run, play,and explore, we knew we found our forever home. The home where we would raise our family and then Lord willing, relive many of the same memories with grandchildren one day. Our favorite part of our home is not the brick and mortar with which we live within, but rather the acre that we have planted over 50 trees on and then the back 1/2 acre that was already covered in trees. It's this back half acre, where my husband and son built a prayer path by hand throughout the entirety of it. A prayer path that also leads to the fire pit and tree house they also built together by hand. This is what my kids have always called "our forest" is where my youngest sons and neighbors have dug out the ancient cistern, shovel load by shovel load and we have loved imagining what it was used for once upon a time. Our rustic fire pit has been used for more family cook outs and discussions about life and reliving memories than just about anywhere else in our home, other than the kitchen of course. We have loved how secluded our back is, to enable us to have camp outs in our "forest". We have also enjoyed all the cows and their calves during calving season that line our back fence. I have so many memories of my little boys running out with their diapers on to see the "tows" and pretend like they were their own. Which is the same thing they now do with the donkeys that are always at our fence. My boys have named them and love getting to pet them as they've grown more accustomed to them. The peaceful place we call home is being threatened by The Outer Loop. This massive highway that will literally lie adjacent to my back fence. Oh I suppose some tall concrete wall is planned to go in along side it, but the serendipity nature of our property will be lost forever. Gone are the discoveries made by little children's inquisitive minds, just searching for something that is begging to be discovered. Gone are the bike trails made of the fallen leaves and the hot coca being sipped beneath the Christmas lights above our fire pit. This outer loop will destroy all of that, for us and for them and for their children one day. As a child of parents that moved around a lot while my husband was growing up, he dreamed of having a steady home for his kids to grow up, one where core memories would be made and one where they would be able to come home to once they were grown and feel the warmth of nostalgia of truly "coming home". That was the home we were dreaming of and that was the home we thought we had built, until we were told of the "gotcha moment" that is the Outer Loop. The citizens of Rockwall, stand to gain nothing from this and yet somehow our leaders that we have elected to stand with are trying to force this upon this wonderful community. It's all about greed and money and zero regard to what it will do to the actual people that have chosen to make Rockwall their forever home. We aren't transient people that will just move on to somewhere else, we were actually permanent citizens of High Pointe Lake Estates, that fear their home is being ripped right out from beneath them. Oh I realize this will do nothing to the structure of our home, but as I've described above, our home IS our property. This is what makes it ours.. Please, don't vote on something that will affect thousands of Rockwall Citizens. Allow THEM to vote on it - without smoke and mirrors. Just plain explanation of what it is and see what Rockwallians want. Greenville actually wants the loop and would be so grateful for it. Why force it on people that don't when just down the street there is a community that does? It make no sense - unless all that matters is MONEY and somebody is planning on getting richer at the cost of Rockwall Families! Thank you for taking the time to read my heartfelt plea to not build this Outer Loop in my backyard.	See **Responses A (Project Purpose and Need), B (Project History and Decision Making)** and **C (Phase 2)** in the Comment/Response Matrix Legend. **On 11/14/2024, Liang Ding, PE, TxDOT Project Manager, responded by email with the following:** Good morning Mandy Thank you very much for your comment. Project team will review and provide response after the commenting period concluded. Please also understand that while the entire feasibility study limits will be in the upcoming public meeting, the south section Phase 2 from SH 276 to SH 205 that pertaining to High Pointe Lake Estates will later start its own schematic and environmental process.

Notice of Public Meeting
ROCKWALL COUNTY OUTER LOOP PROJECT
From FM 2755 to SH 205
CSJ: 0918-25-027
Collin, Rockwall, and Kaufman Counties, Texas

Rockwall County is proposing a new location roadway from Farm-to-Market Road (FM) 2755 to State Highway (SH) 205 in Collin, Rockwall, and Kaufman Counties, Texas. This notice advises the public that Rockwall County will be conducting an in-person public meeting on the proposed project with a virtual option. **The same information will be available at both the in-person and virtual meetings.**

In-Person Meeting*
Thursday, November 14, 2024, 5:30 p.m. to 7:30 p.m.
Rockwall County Courthouse Liberty Hall
111 E Yellow Jacket Lane #401, Rockwall, Texas 75087
*Open House Format

Virtual Meeting**
Thursday, November 14, 2024, at 5:30 p.m.
to Friday, November 29, 2024, at 11:59 p.m.
https://rockwallcountytexas.com/1285/13059/RCOL-Public-Meeting-3
**Not a live event

The in-person public meeting will begin at 5:30 p.m. and will be an open house format where the public may come and go at their convenience. Staff will be available to answer questions and receive written comments. The virtual meeting will consist of a pre-recorded video presentation and will include both audio and visual components. The presentation will be posted online by Thursday, November 14, 2024 at 5:30 p.m., and will remain online for at least 15 days. To view the virtual public meeting, go to the following web address at the date and time indicated above: https://rockwallcountytexas.com/1285/13059/RCOL-Public-Meeting-3. If you do not have internet access, you may call 214-346-6200 between the hours of 8 a.m. and 5 p.m., Monday through Friday, to ask questions and access project materials during the project development process.

The proposed project would construct the approximately 14.4-mile Rockwall County portion of the regional Outer Loop, consisting of four 12-foot-wide frontage road lanes (two in each direction), four 12-foot-wide general purpose lanes (two in each direction), and two 10-foot-wide shared-use paths (one in each direction, outside the frontage road lanes) within a typical 500-foot-wide right of way. The project would be constructed in phases contingent on traffic volumes and available funding. The proposed project would involve construction in wetlands and an action in a floodplain.

The proposed Rockwall County Outer Loop is currently being developed in two phases. Phase 1 extends from FM 2755 to SH 276, a distance of approximately 7.5 miles. Phase 2 extends from SH 276 to SH 205, a distance of approximately 6.9 miles. Phase 1 schematic development and environmental studies are currently underway. The purpose of the public meeting is to present the preliminary Phase 1 schematic for public review and comment. No project updates have occurred on Phase 2 since the November 2023 public meeting. Phase 2 schematic development and environmental studies are anticipated to begin by Spring 2025.

The proposed project would require right of way and potential displacements. Relocation assistance is available for displaced persons and businesses. For more information about right of way acquisition, please contact Matt Craig, P.E., Consultant Project Manager at 214-346-6200 or by email at RCOL@halff.com.

The virtual public meeting and in-person option will be conducted in English. If you need an interpreter or document translator because English is not your primary language or you have difficulty communicating effectively in English, one will be provided to you. If you have a disability and need assistance, special arrangements can be made to accommodate most needs. If you need interpretation or translation services or you are a person with a disability who requires an accommodation to attend and participate in the virtual

public meeting or in-person option, please contact Matt Craig, P.E., at 214-346-6200 no later than 4 p.m. CT, Monday, November 11, 2024. Please be aware that advance notice is required as some services and accommodations may require time to arrange.

Written comments from the public regarding the proposed project are requested and may be submitted by mail to Halff, Attn: Matt Craig, P.E., 1201 North Bowser Road, Richardson, TX 75081, or by email to RCOL@halff.com. **All comments must be received or postmarked on or before Friday, November 29, 2024.** Responses to comments received will be available online at https://rockwallcountytexas.com/1285/13059/RCOL-Public-Meeting-3 once they have been prepared.

If you have any general questions regarding the proposed project, virtual meeting, or in-person option, please contact Matt Craig, P.E., Consultant Project Manager at 214-346-6200 or by email at RCOL@halff.com.

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 9, 2019, and executed by FHWA and TxDOT.

Aviso de Reunión Pública
PROYECTO DEL CIRCUITO EXTERIOR DEL CONDADO DE ROCKWALL
De la FM 2755 a la SH 205
Número de Control: 0918-25-027
Condados de Collin, Rockwall y Kaufman, Texas

El condado de Rockwall está proponiendo una carretera de ubicación nueva desde la Farm-to-Market Road (FM) 2755 hasta la Carretera Estatal (SH) 205 en los condados de Collin, Rockwall y Kaufman, Texas. Este aviso informa al público que el condado de Rockwall llevará a cabo una reunión pública presencial sobre el proyecto propuesto con una opción virtual. **La misma información estará disponible tanto en la reunión presencial como en la virtual.**

Reunión Presencial*
Jueves 14 de noviembre de 2024,
de 5:30 p.m. a 7:30 p.m.
Rockwall County Courthouse Liberty Hall
(Corte del Condado de Rockwall)
1111 E Yellow Jacket Lane #401,
Rockwall, Texas 75087
*Formato de Puertas Abiertas

Reunión Virtual**
Jueves 14 de noviembre de 2024, de 5:30 p.m. hasta el viernes 29 de noviembre de 2024, a las 11:59 p.m.
https://rockwallcountytexas.com/ 1285/13059/RCOL-Public-Meeting-3
**No es un evento en vivo

La reunión pública presencial comenzará a las 5:30 p.m. y seguirá un formato de puertas abiertas donde el público podrá ir y venir a su conveniencia. El personal estará disponible para responder preguntas y recibir comentarios por escrito. La reunión virtual consistirá en una presentación de video pregrabada e incluirá componentes de audio y visuales. La presentación se publicará en línea el jueves 14 de noviembre de 2024 a las 5:30 p.m. y permanecerá en línea durante al menos 15 días. Para acceder la reunión pública virtual, diríjase a la siguiente dirección web en la fecha y hora indicadas anteriormente: https://rockwallcountytexas.com/1285/13059/RCOL-Public-Meeting-3. Si no tiene acceso a Internet, puede llamar al 214-346-6200 entre las 8 a.m. y las 5 p.m., de lunes a viernes, para hacer preguntas y acceder a los materiales del proyecto durante el proceso de desarrollo del proyecto.

El proyecto propuesto construiría la parte del Circuito Exterior (o “Outer Loop”) regional de aproximadamente 14.4 millas en el Condado de Rockwall, que consta de cuatro carriles de calles laterales de servicio de 12 pies de ancho (dos en cada dirección), cuatro carriles de uso general de 12 pies de ancho (dos en cada dirección) y dos caminos de uso compartido de 10 pies de ancho (uno en cada dirección, fuera de los carriles de las calles laterales de servicio) dentro de un derecho de vía típico de 500 pies de ancho. El proyecto se construiría en fases dependiendo de los volúmenes de tráfico y de la financiación disponible. El proyecto propuesto implicaría construcción en humedales y una acción dentro de la llanura de inundación.

El proyecto propuesto del Circuito Exterior (“Outer Loop”) del Condado de Rockwall se está desarrollando actualmente en dos fases. La Fase 1 se extiende desde la FM 2755 hasta la SH 276, una distancia de aproximadamente 7.5 millas. La Fase 2 se extiende desde la SH 276 hasta la SH 205, una distancia de aproximadamente 6.9 millas. Actualmente se está llevando a cabo el desarrollo esquemático y estudios ambientales para la Fase 1. El propósito de la reunión pública es presentar el esquema preliminar de la Fase 1 para revisión y comentarios públicos. No se han producido actualizaciones para el proyecto de la Fase 2 desde la reunión pública de noviembre de 2023. Se prevé que el desarrollo esquemático y los estudios ambientales de la Fase 2 comiencen en la primavera de 2025.

El proyecto propuesto requeriría derecho de vía y posibles desplazamientos. Asistencia para la reubicación está disponible para personas desplazadas y empresas. Para obtener más información sobre la adquisición del derecho de vía, comuníquese con Matt Craig, P.E., Gerente Consultor de Proyecto al 214-346-6200 o por correo electrónico a RCOL@halff.com.

La reunión pública del proyecto del Circuito Exterior (“Outer Loop”) del Condado de Rockwall se llevará a cabo en inglés. Si usted necesita un intérprete o un traductor de documentos porque su idioma principal no es el inglés o tiene alguna dificultad para comunicarse eficazmente en inglés, se le proporcionará uno. Si usted tiene alguna discapacidad y necesita ayuda, se pueden hacer arreglos especiales para atender la mayoría de las necesidades. Si usted necesita servicios de interpretación o traducción o usted es una persona con alguna discapacidad que requiera una adaptación para asistir a y participar en la reunión pública del proyecto del Circuito Exterior (“Outer Loop”) del Condado de Rockwall, por favor póngase en contacto con Matt Craig, P.E., al número 214-346-6200 antes de las 4:00 p.m. hora central del lunes, 11 de noviembre de 2024. Tenga en cuenta que es necesario avisar con anticipación, ya que algunos servicios y alojamientos pueden requerir tiempo para organizarse.

Se solicitan comentarios por escrito del público con respecto al proyecto propuesto. Estos pueden enviarse por correo a Halff, Attn: Matt Craig, P.E., 1201 North Bowser Road, Richardson, TX 75081, o por correo electrónico a RCOL@halff.com. **Todos los comentarios deben recibirse o tener sello postal a más tardar el viernes 29 de noviembre de 2024.** Las respuestas a los comentarios recibidos estarán disponibles en línea en: https://rockwallcountytexas.com/ 1285/13059/RCOL-Public-Meeting-3 una vez que se hayan preparado.

Si tiene alguna pregunta general sobre el proyecto propuesto, la reunión virtual o la opción presencial, comuníquese con Matt Craig, P.E., Gerente Consultor de Proyecto al 214-346-6200 o por correo electrónico a RCOL@halff.com.

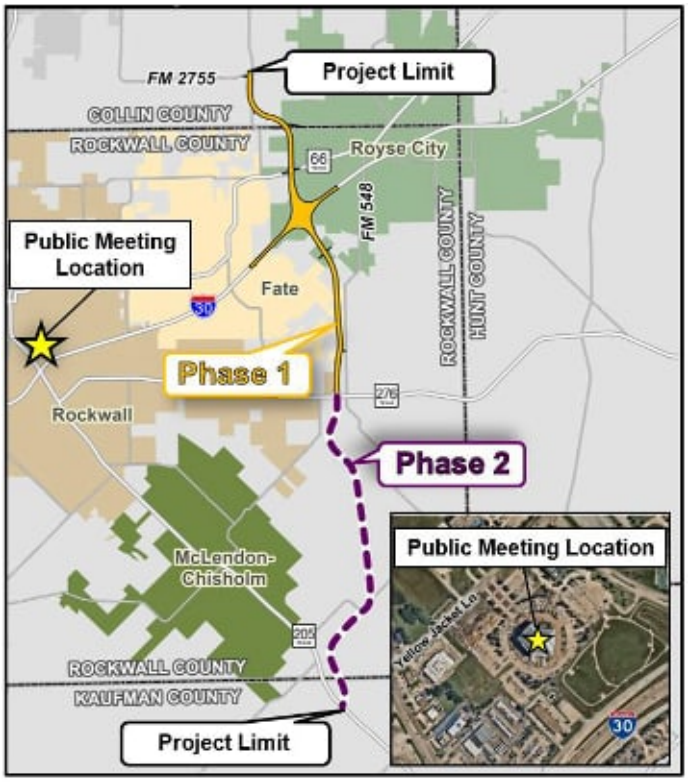

La revisión ambiental, consultas y otras acciones requeridas por las leyes ambientales federales aplicables para este proyecto, están siendo o han sido realizadas por TxDOT de conformidad con la Reglamentación 23, Sección 327 del Código de Estados Unidos y un Memorando de Entendimiento con fecha del 9 de diciembre de 2019, ejecutado por la FHWA (Administración Federal de Carreteras) y TxDOT.

Rockwall County Outer Loop Project
Virtual Public Meeting with In-Person Option

Rockwall County is proposing a new location roadway from FM 2755 to SH 205, a distance of approximately 14.4 miles in Collin, Rockwall, and Kaufman Counties, Texas.

The proposed project would construct the Rockwall County portion of the regional Outer Loop, consisting of four 12-foot-wide frontage road lanes (two in each direction), four 12-foot-wide general purpose lanes (two in each direction), and two 10-foot-wide shared-use paths (one in each direction, outside the frontage road lanes) within a typical 500-foot-wide right of way. The project would be constructed in phases contingent on traffic volumes and available funding.

The purpose of the public meeting is to provide an update on project progress and request public feedback. The same information will be available at both the virtual and in-person meetings.

In-Person Meeting

Thursday, November 14, 2024
5:30 p.m. to 7:30 p.m.

RCOL@halff.com

The environmental review, consultation, and other actions required by applicable federal environmental laws for this project are being, or have been, carried out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated Dec. 9, 2019, and executed by FHWA and TxDOT.

Proyecto para el Circuito Exterior del Condado de Rockwall
Reunión Pública Virtual con Opción Presencial

El Condado de Rockwall está proponiendo una carretera de ubicación nueva desde la FM 2755 hasta la SH 205, una distancia de aproximadamente 14.4 millas en los condados de Collin, Rockwall y Kaufman, Texas.

El proyecto propuesto construiría la parte del Circuito Exterior ("Outer Loop") regional en el condado de Rockwall, que consta de cuatro carriles de calles laterales de servicio de 12 pies de ancho (dos en cada dirección), cuatro carriles de uso general de 12 pies de ancho (dos en cada dirección) y dos caminos de uso compartido de 10 pies de ancho (uno en cada dirección, fuera de los carriles de las calles laterales de servicio) dentro de un derecho de vía típico de 500 pies de ancho. El proyecto se construiría en fases dependiendo de los volúmenes de tráfico y de la financiación disponible.

El propósito de la reunión pública es proporcionar una actualización sobre el progreso del proyecto y solicitar comentarios del público. La misma información estará disponible tanto en la reunión virtual como en la presencial.

Reunión Presencial

Jueves, 14 de noviembre de 2024
5:30 p.m. a 7:30 p.m.
Rockwall County Courthouse Liberty Hall
(Corte del Condado de Rockwall)
1111 E Yellow Jacket Lane #401
Rockwall, Texas 75087

Reunión Virtual

Jueves, 14 de noviembre de 2024
de 5:30 p.m.
al viernes, 29 de noviembre de 2024
a las 11:59 p.m.

Good afternoon,
Rockwall County is conducting a public meeting with both in-person and virtual options for the Rockwall County Outer Loop Project. The Rockwall County Outer Loop Project is a proposed new location roadway from Farm-to-Market Road (FM) 2755 to State Highway (SH) 205, a distance of approximately 14.4 miles in Collin, Rockwall, and Kaufman Counties, Texas.

The purpose of the meeting is to provide an update on project progress and receive public feedback.
The in-person meeting will be held on **Thursday, November 14, 2024,** from **5:30 p.m.** to **7:30 p.m.** at the Rockwall County Courthouse Library Hall, 1111 E Yellow Jacket Lane #401, Rockwall, Texas 75087. The virtual public meeting will begin on **Thursday, November 14, 2024,** at **5:30 p.m.** and remain online through **Friday, November 29, 2024,** at **11:59 p.m.** at: https://rockwallcountytexas.com/1285/13059/RCOL-Public-Meeting-3. The virtual public meeting is not a live event. The same information will be available at both the in-person and virtual public meetings.

For your convenience, a copy of the public meeting notice and flyer are attached to this email. You and your staff are invited to visit the in-person and/or virtual public meeting at your convenience. Please feel free to share on your social media platforms and distribute this information to your constituents.

If you would like additional information regarding the project, please feel free to contact me directly.
Sincerely,

Matt Craig, P.E.

Good morning,

Rockwall County is conducting a public meeting with both in-person and virtual options for the Rockwall County Outer Loop Project.

The in-person meeting will be held on **Thursday, November 14, 2024,** from **5:30 p.m.** to **7:30 p.m.** at the Rockwall County Courthouse Liberty Hall, 1111 E Yellow Jacket Lane #401, Rockwall, Texas 75087. The virtual public meeting will begin on **Thursday, November 14,** at **5:30 p.m.** and remain online through **Friday, November 29, 2024,** at **11:59 p.m.** at: https://rockwallcountytexas.com/1285/13059/RCOL-Public-Meeting-3. The virtual public meeting is not a live event. The same information will be available at both the in-person and virtual public meetings. For your reference, a copy of the public meeting notice and flyer are attached to this email.

The Rockwall County Outer Loop Project is a proposed new location roadway from Farm-to-Market Road (FM) 2755 to State Highway (SH) 205, a distance of approximately 14.4 miles in Collin, Rockwall, and Kaufman Counties, Texas.

The proposed Rockwall County Outer Loop is currently being developed in two phases. Phase 1 extends from FM 2755 to SH 276, a distance of approximately 7.5 miles. Phase 2 extends from SH 276 to SH 205, a distance of approximately 6.9 miles. Phase 1 schematic development and environmental studies are currently underway. The purpose of the public meeting is to present the preliminary Phase 1 schematic for public review and comment. No project updates have occurred on Phase 2 since the November 2023 public meeting, and Phase 2 schematic development and environmental studies are anticipated to begin by Spring 2025.

You are invited to visit the in-person and/or virtual public meeting at your convenience. If you have any general questions regarding the proposed project, virtual meeting, or in-person option, please feel free to contact me.

Sincerely,

Matt Craig, P.E.

Jason Anderson/JA2 Photo

One of country icon Loretta Lynn's grandchildren, Ethan Lyell, is selling his 10,000-square-foot home in Flower Mound on the shore of Lake Grapevine. Outside, the home features a pool, multiple lounge areas and an irrigated garden.

Singer's grandson lists home

Continued from Page 3B

Originally built in 1998, the six-bedroom home includes two game rooms, two connected kitchens and a gym with big windows overlooking the yard, the outlet wrote. Lyell told Mansion Global he was drawn to the home's layout and cozy nooks. Outside the home is a pool, multiple lounge areas and an irrigated garden.

"They basically took a tennis court and turned it into a planter box farm with its own sprinkler system with it," listing agent Damon Williamson told Mansion Global. "It's all irrigated with a fire pit in the middle."

Lyell, a financial executive at a medical company, is one of 26 grandchildren of Lynn, a country music star who died in 2022 at the age of 90. Lynn was the daughter of a miner who married at 15 and began her music career as a mother of four. She was known for hits like "Coal Miner's Daughter" and "Don't Come Home a Drinkin'." In 1972, she became the first woman to receive Country Music Awards' Entertainer of the Year designation.

Mementos to the country star can be found around the house, including some of the musician's guitars and original albums, the listing agents told the outlet. As for himself, Lyell said he "can't carry a tune in a bucket."

During summer breaks in junior high and high school, Lyell said he used to join his grandmother on tour, but before then she was just "Memaw" to him. "I don't think I realized when I was a kid what she had accomplished," he told Mansion Global. "She was like any other grandmother. She was in the kitchen making peanut butter fudge for us while we were out playing in the yard."

Buyers riding out rates, builder says

Continued from Page 3B

the sidelines, sit on the fence, a little less motivated today than they were previously in prior quarters," CEO Paul Romanowski said on the call. "There's just a lot of noise in the market today. The rate volatility we've seen, combined with the election news that's out there, I just think we're seeing people take a pause. But it certainly is a stretch today."

Some house hunters may be waiting for financing costs to fall below a certain point, but "stability in rates is most helpful for us" in generating buyer demand, Romanowski said.

In the three months through September, buyers signed contracts for 19,035 homes, up 5% from a year earlier, D.R. Horton reported. Analysts estimated 19,994, the average in a survey compiled by Bloomberg. The company said it expects to close 90,000 to 92,000 home sales in fiscal 2025, which also was lower than the consensus of analysts.

Texans affected by data breach

Continued from Page 3B

discovered on May 13 when Landmark detected unusual activity in its system and promptly disconnected the affected systems and remote access to the network.

Landmark hired a third-party cybersecurity firm to secure the breach and conduct a forensic investigation, and, during the investigation on June 17, the "unauthorized actor" regained access to Landmark's system. Though the investigation confirmed that data was taken, it was not able to confirm which specific files were taken.

As such, Landmark is notifying "all individuals whose private information may have been contained in its systems at the time of the incident" on a rolling basis as they are discovered, with the first wave of notices having been sent out Oct. 23-24.

According to the filings, Landmark has taken steps to secure its systems in response to the data breach and is offering identity theft protection services through a third-company whose services include 12 months of credit and CyberScan monitoring, a $1 million insurance reimbursement policy and ID theft recovery services.

The Federal Trade Commission advises that those affected by a data beach take advantage of identity theft services when offered, in addition to steps you can take yourself. These steps include ordering free credit reports to check for unrecognized accounts and placing a credit freeze for fraud alert to limit the ability of malicious actors to open new accounts in your name.

You can find out more about how to recover from a data breach at identitytheft.gov/databreach.

Landmark Admin declined to comment.

'Ozempic' blends land

Continued from Page 3B

The FDA states unapproved use of GLP-1 drugs can be risky. They've also been called breakthrough drugs that could reduce the risk of Alzheimer's and may help with other conditions such as depression and inflammation.

"With the rising use of GLP-1 medications across the country and our customer base, we want to ensure that Smoothie King provides the nutritional resources to match," said Smoothie King's Dallas-based CEO Wan Kim.

He is the owner of Nuri Steakhouse, a new Dallas restaurant that, at $20 million, is likely the city's most expensive eatery.

Kim started as a Smoothie King franchisee in South Korea before he bought the company in 2012. He moved the headquarters from New Orleans to Dallas in 2018.

Smoothie King's drinks were created in partnership with dietitian Molly Kimball of the nonprofit Ochsner Health.

The prices of the five GLP-1 Support drinks weren't immediately available.

Rockwall County Outer Loop Project
Virtual Public Meeting with In-Person Option

Rockwall County is proposing a new location roadway from FM 2755 to SH 205, a distance of approximately 14.4 miles in Collin, Rockwall, and Kaufman Counties, Texas.

The proposed project would construct the Rockwall County portion of the regional Outer Loop, consisting of four 12-foot-wide frontage road lanes (two in each direction), four 12-foot-wide general purpose lanes (two in each direction), and two 10-foot-wide shared-use paths (one in each direction, outside the frontage road lanes) within a typical 500-foot-wide right of way. The project would be constructed in phases contingent on traffic volumes and available funding.

The purpose of the public meeting is to provide an update on project progress and request public feedback. The same information will be available at both the virtual and in-person meetings.

In-Person Meeting
Thursday, November 14, 2024
5:30 p.m. to 7:30 p.m.
Rockwall County Courthouse
Liberty Hall
1111 E Yellow Jacket Lane #401

Hospitales preguntarán por su estatus legal

Texas aplica nueva ley desde el 1 de noviembre

THE ASSOCIATED PRESS

McAllen, Texas — Durante tres días, el personal de una clínica de Orlando exhortó a una mujer con dolor abdominal que llamó a la línea de triaje a que fuera al hospital.

La mujer se resistió, temerosa por una ley de 2023 en Florida que requería a los hospitales preguntar a los pacientes si estaban en Estados Unidos con permiso legal.

La clínica se había esforzado por explicar los límites de la ley, que era parte de un paquete de medidas más estrictas contra la inmigración promovidas por el gobernador Ron DeSantis.

Colocó letreros y orientó a los pacientes diciéndoles que podían negarse a responder a la pregunta y que aun así serían atendidos, y que sus datos de identificación personal no serían reportados al estado.

"Tratamos de explicarles esto una y otra vez, pero el miedo es real", dijo Stephanie Garris, directora ejecutiva de Grace Medical Home.

Agregó que la mujer finalmente acudió a la sala de urgencias en busca de tratamiento.

Texas es el siguiente estado que intentará aplicar una ley similar para los hospitales inscritos en los planes de salud del estado, el Medicaid y el Programa de Seguro Médico Infantil (CHIP).

Entra en vigor el viernes 1 de noviembre, justo antes de que termine un proceso electoral presidencial en el que la inmigración ha sido un tema polémico.

"Los texanos no deberían tener que soportar la carga financiera de la atención médica dada a los inmigrantes ilegales", dijo el gobernador republicano de Texas, Greg Abbott, al anunciar su iniciativa, que difiere de la de Florida en que los hospitales no tendrán que decir a los pacientes que su condición migratoria no será revelada a las autoridades.

Aunque el índice de personas sin seguro médico de esos dos estados –ninguno de los cuales ha expandido el Medicaid– es mayor al promedio nacional, varios estudios han mostrado que los inmigrantes tienden a usar menos y gastar menos en atención médica.

WILFREDO LEE/AP

Texas es el siguiente estado después de Florida que intentará aplicar una ley para controlar ingreso de inmigrantes en hospitales inscritos en los planes de salud del estado, el Medicaid y el Programa de Seguro Médico Infantil (CHIP).

Cualquier persona puede negarse a responder, una opción escogida por casi el 8% de las personas admitidas en un hospital y alrededor de 7% de las personas que acudieron a una sala de urgencias entre junio y diciembre de 2023, indica el reporte de Florida.

Menos del 1% de las personas admitidas en un hospital o una sala de urgencias reportó estar en Estados Unidos "ilegalmente".

La Agencia de Florida para la Administración de la Salud reconoció grandes limitaciones en su análisis y no saber qué tanto de la atención médica provista a "extranjeros ilegales" no fue pagada.

También dijo que no pudo vincular un alto porcentaje de atención médica no pagada con una alta incidencia de "extranjeros ilegales" en los hospitales, y que "se relaciona más con vivir en condados rurales que con porcentajes de inmigración ilegal".

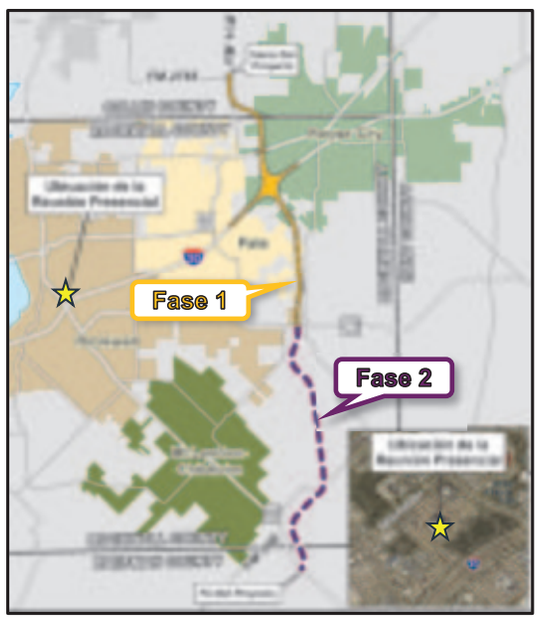

En Florida y Texas, las personas que están en Estados Unidos ilegalmente no pueden inscribirse en el Medicaid, el cual da seguro médico a las personas de bajos ingresos, excepto para emergencias médicas.

Grupos comunitarios, formuladores de política y abogados de inmigración se aliaron con Every Texan, una organización dedicada a la política pública y el acceso a la salud, para invitar a la gente a no responder la pregunta, dijo Lynn Cowles, de Every Texan.

Proyecto para el Circuito Exterior del Condado de Rockwall

Reunión Públic Virtual con Opción Presencial

El Condado de Rockwall está proponiendo una carretera de ubicación nueva desde la FM 2755 hasta la SH 205, una distancia de aproximadamente 14.4 millas en los condados de Collin, Rockwall y Kaufman, Texas.

El proyecto propuesto construiría la parte del Circuito Exterior ("Outer Loop") regional en el condado de Rockwall, que consta de cuatro carriles de calles laterales de servicio de 12 pies de ancho (dos en cada dirección), cuatro carriles de uso general de 12 pies de ancho (dos en cada dirección) y dos caminos de uso compartido de 10 pies de ancho (uno en cada dirección, fuera de los carriles de las calles laterales de servicio) dentro de un derecho de vía típico de 500 pies de ancho. El proyecto se construiría en fases dependiendo de los volúmenes de tráfico y de la financiación disponible.

El propósito de la reunión pública es proporcionar una actualización sobre el progreso del proyecto y solicitar comentarios del público. La misma información estará disponible tanto en la reunión virtual como en la presencial.

Reunión Presencial
Jueves, 14 de noviembre de 2024, 5:30 p.m. a 7:30 p.m.
Rockwall County Courthouse Liberty Hall (Corte del Condado de Rockwall)

MEDICAID FUNDING

Texas slashing $607 million from program for disabled students

THE TEXAS TRIBUNE

Texas is clawing back more than $607 million per year in federal funding for special education services, a move local school district officials say will likely worsen already strained budgets for students with disabilities.

The School Health and Related Services (SHARS) program provides hundreds of school districts critical funding for special education services, reimbursing them for counseling, nursing, therapy and transportation services provided to Medicaid-eligible children.

More than 775,000 students receive special education services in Texas, according to the Texas Education Agency. It is not as clear how many of them are eligible for Medicaid, though school district officials say many of the kids who directly benefit from SHARS come from low-income families.

But in the last year, the Texas Health and Human Services Commission, which manages the program at the state level, began imposing strict limitations on the types of services for which school districts are able to request federal reimbursement. The changes have accumulated into a $607 million slashing to the money school districts typically expect to receive under SHARS per year, according to health agency estimates.

Bewildered by the sudden changes, school district officials and special education advocates say little has been communicated about why these drastic changes are happening.

"We're seeing an increased number of students that need more and more individualized care," said Katie Abbott, special education director for a coalition of six East Texas school districts. "And yet, what are we doing?"

In response to their concerns, Texas has blamed the feds.

A 2017 federal audit report found that Texas was improperly billing for services not allowable under the SHARS program. The report concluded the state would need to return almost $19 million, a fraction of the $607 million currently being left behind. It also required that the Texas health commission work to ensure it was complying with federal guidelines.

Afterwards, the commission submitted "every possible denial and request for the opinion to be overturned" but was unsuccessful, the agency told The Texas Tribune. The recent changes reflected an attempt to bring the state back into compliance, according to the commission.

But federal appeals officers, in a ruling last year, said Texas produced "nothing at all" to dispute investigators' findings that the state billed for unallowable services. The ruling also condemns the state for attempting to submit evidence after the deadline to do so had already passed.

Further, federal officials dispute the notion that Texas is being required to make certain changes to the SHARS program. In a statement to the Tribune, the Centers for Medicare & Medicaid Services made clear that as long as states work within "broad federal parameters," they have autonomy to make decisions about their programs.

School district officials say Texas has resorted to overcorrecting problems identified by the audit, flouting expectations from the federal government that the state administers the program using the least restrictive means possible.

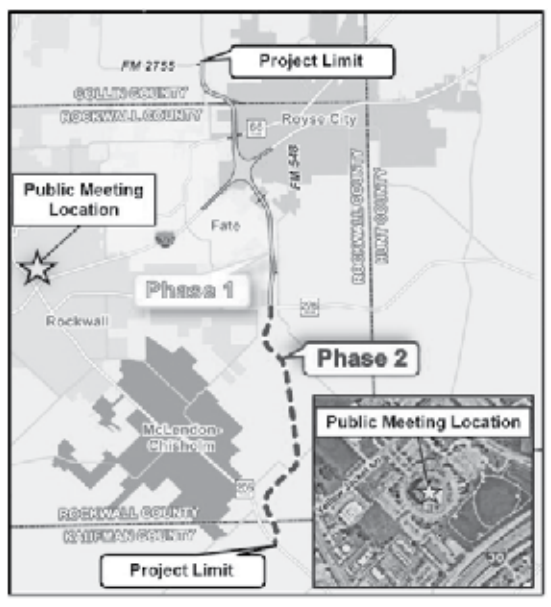

Many school districts are formally appealing the funding cuts with the state, while other rural districts have decided to exit the SHARS program altogether because of the administrative burden recent changes have created. Those that remain are holding out hope that lawmakers will decide in next year's legislative session to help fill the financial gaps left in special education services — a lofty expectation for a state with a poor track record in both administering Medicaid and serving students with disabilities.

SANTA COPS 4 KIDS

Annual holiday fundraiser set for Dec. 14

BY TRAVIS HAIRGROVE
THAIRGROVE@HERALDBANNER.COM

With highlights that include a Santa chase where children get to chase Santa in a 100-yard dash, the annual Santa Cops 4 Kids has been an event that Rockwall-area families have looked forward to since 2016.

In addition to combining festive Christmas-time fun with physical exercise, Santa Cops 4 Kids is also a fundraiser for the Children's Advocacy Center of Rockwall County and Women in Need.

The Children's Advocacy Center aids in the investigation, prosecution and treatment of child abuse while Women in Need focuses on re-empowering victims of domestic violence with services that include safe shelter, clothing, food, legal advocacy and counseling.

In years past the event has taken place at Wilderson-Sanders Memorial Stadium, but construction at that site has required a change of venue this year, so Santa Cops 4 Kids will be at Harry Myers Park at 815 East Washington St. on Dec. 14.

In addition to the Santa chase, other attractions planned for the event include a 5K run, a one-mile fun run, vendor booths as well as other games and activities.

As the Rockwall Police Officers Association continues to plan for the event, the group is seeking additional sponsors and vendors as well as signing up runners.

Those who would like to sponsor the event or use it as an opportunity to sell their wares as vendors can contact the police associations administrative assistant Kortney Sandoval at ksandoval@rockwall.com.

Those wanting to run in any of the races at Santa Cops 4 Kids can register online at https://tinyurl.com/jfd5vhfp.

County burn ban remains in effect

HERALD-BANNER STAFF REPORT

The Rockwall County Commissioners Court last week implemented a 60-day outdoor burning ban in the unincorporated areas of the county beginning immediately.

This order prohibiting outdoor burning will remain in effect for 60 days and will expire at the end of that period or upon the date the commissioners court or county judge determines that circumstances present in the unincorporated areas no longer create a public safety hazard that would be exacerbated by outdoor burning, whichever occurs earlier.

Under notification of suspected outdoor burning, the fire department assigned to the location of the fire will respond to the scene and take immediate measures to contain and extinguish the fire. If requested by a fire official, a commissioned peace officer will be sent to the scene to investigate the nature of the fire.

In accordance with Section 352.081 of the Local Government Code, a person who knowingly or intentionally violates the order commits a Class C misdemeanor punishable by a fine up to $500 and a peace officer may issue a citation.

Festival of Trees fundraiser for Helping Hands fast approaching

HERALD-BANNER STAFF REPORT

The Helping Hands Festival of Trees is just a few weeks away.

The event is a magical, festive event as the community comes together once again in the spirit of the holiday season for a common cause – the opportunity to make a difference in the lives of the less fortunate of the Rockwall County community.

The Festival of Trees Boutique pop-up shop – free to the public – is scheduled from 10 a.m. to 5 p.m. on Nov. 22 and Nov. 23.

On Nov. 22 from 11:30 a.m. to 1:30 p.m. is the 15th annual Festival of Trees Luncheon and Style Show presented by Texas Health Rockwall and on Nov. 23 from 6:30 p.m. to midnight is the Festival of Trees Gala presented by co-title sponsors the Law Office of Kim Timpa and Rob and Sara Whittle. This event includes dinner, live auction, dancing and more.

One of the most popular events of the weekend is the fully decorated trees and wreaths available for purchase.

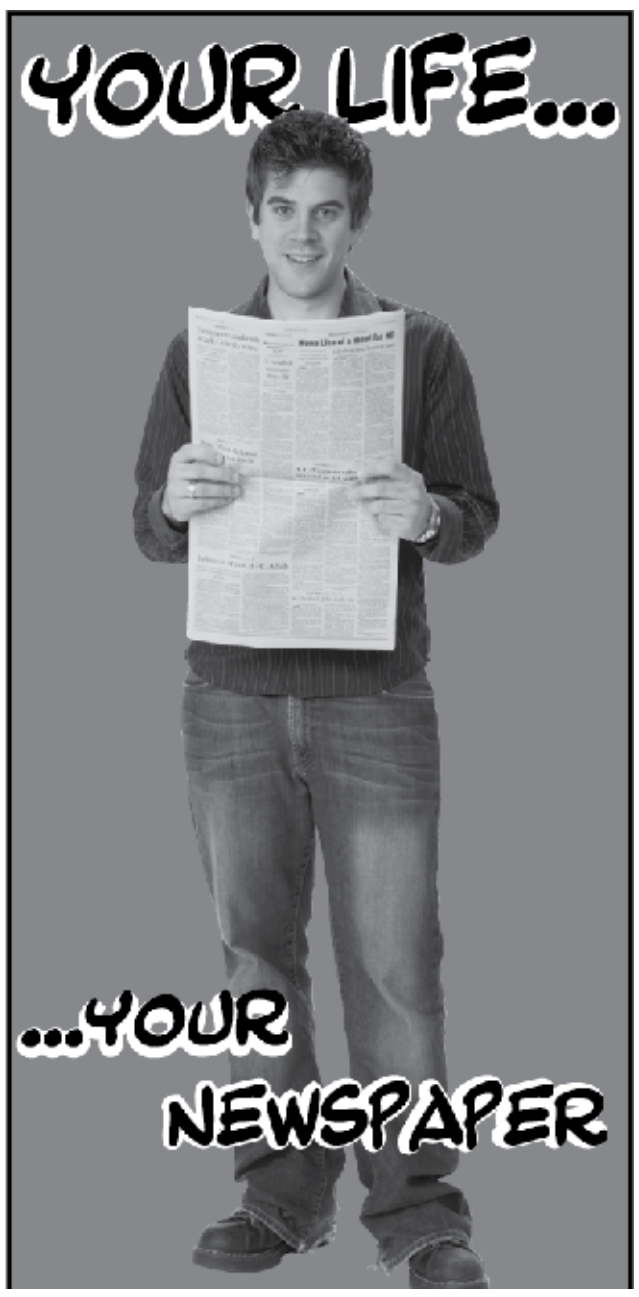

People line up to have first dibs on their tree. All trees and wreaths are decorated by local businesses and organizations.

The one-of-a-kind trees and wreaths – combined with holiday entertainment – creates a unique holiday experience that makes these tickets sell out every year.

Both days' events will be held a the Hilton Rockwall located at 2055 Summer Lee Drive.

For more information on the Festival of Trees, email events@rockwallhelpinghands.com or call (972) 771-1655.

Rockwall County Outer Loop Public Meeting #3

In-person details
Thursday, November 14, 2024, 5:30 p.m. to 7:30 p.m.
Rockwall County Courthouse Liberty Hall
1111 E Yellow Jacket Lane #401, Rockwall, Texas 75087

Online details*
Thursday, November 14, 2024, at 5:30 p.m.
to Friday, November 29, 2024, at 11:59 p.m.
https://rockwallcountytexas.com/1285/13059/RCOL-Public-Meeting-3
** This is not a live event*

Description
Rockwall County is proposing a new location roadway from Farm-to-Market Road (FM) 2755 to State Highway (SH) 205 in Collin, Rockwall, and Kaufman Counties, Texas. This notice advises the public that Rockwall County will be conducting an in-person public meeting on the proposed project with a virtual option.

The proposed project would construct the approximately 14.4-mile Rockwall County portion of the regional Outer Loop, consisting of four 12-foot-wide frontage road lanes (two in each direction), four 12-foot-wide general purpose lanes (two in each direction), and two 10-foot-wide shared-use paths (one in each direction, outside the frontage road lanes) within a typical 500-foot-wide right of way. The project would be constructed in phases contingent on traffic volumes and available funding.

The proposed Rockwall County Outer Loop is currently being developed in two phases. Phase 1 extends from FM 2755 to SH 276, a distance of approximately 7.5 miles. Phase 2 extends from SH 276 to SH 205, a distance of approximately 6.9 miles. Phase 1 schematic development and environmental studies are currently underway. The purpose of the public meeting is to present the preliminary Phase 1 schematic for public review and comment. No project updates have occurred on Phase 2 since the November 2023 public meeting. Phase 2 schematic development and environmental studies are anticipated to begin by Spring 2025.

Accessibility
The virtual public meeting and in-person option will be conducted in English. If you need an interpreter or document translator because English is not your primary language or you have difficulty communicating effectively in English, one will be provided to you. If you have a disability and need assistance, special arrangements can be made to accommodate most needs. If you need interpretation or translation services or you are a person with a disability who requires an accommodation to attend and participate in the virtual public meeting or in-person option, please contact Matt Craig, P.E., at 214-346-6200 no later than 4 p.m. CT, Monday, November 11, 2024. Please be aware that advance notice is required as some services and accommodations may require time to arrange.

Notice of Public Meeting ROCKWALL COUNTY OUTER LOOP PROJECT From FM 2755 to SH 205

Thursday, November 14, 2024

CSJ: 0918-25-027

Rockwall County is proposing a new location roadway from Farm-to-Market Road (FM) 2755 to State Highway (SH) 205 in Collin, Rockwall, and Kaufman Counties, Texas. This notice advises the public that Rockwall County will be conducting an in-person public meeting on the proposed project with a virtual option. The same information will be available at both the in-person and virtual meetings.

In-Person Meeting*

Thursday, November 14, 2024, 5:30 p.m. to 7:30 p.m.
Rockwall County Courthouse Liberty Hall
111 E Yellow Jacket Lane #401, Rockwall, Texas 75087
*Open House Format

Virtual Meeting**

Thursday, November 14, 2024, at 5:30 p.m.
to Friday, November 29, 2024, at 11:59 p.m.
https://rockwallcountytexas.com/ 1285/13059/RCOL-Public-Meeting-3
**Not a live event

The in-person public meeting will begin at 5:30 p.m. and will be an open house format where the public may come and go at their convenience. Staff will be available to answer questions and receive written comments. The virtual meeting will consist of a pre-recorded video presentation and will include both audio and visual components. The presentation will be posted online by Thursday, November 14, 2024 at 5:30 p.m., and will remain online for at least 15 days. To view the virtual public meeting, go to the following web address at the date and time indicated above: https://rockwallcountytexas.com/1285/13059/RCOL-Public-Meeting-3. If you do not have internet access, you may call 214-346-6200 between the hours of 8 a.m. and 5 p.m., Monday through Friday, to ask questions and access project materials during the project development process.

The proposed project would construct the approximately 14.4-mile Rockwall County portion of the regional Outer Loop, consisting of four 12-foot-wide frontage road lanes (two in each direction), four 12-foot-wide general purpose lanes (two in each direction), and two 10-foot-wide shared-use paths (one in each direction, outside the frontage road lanes) within a typical 500-foot-wide right of way. The project would be constructed in phases contingent on traffic volumes and available funding. The proposed project would involve construction in wetlands and an action in a floodplain.

The proposed Rockwall County Outer Loop is currently being developed in two phases. Phase 1 extends from FM 2755 to SH 276, a distance of approximately 7.5 miles. Phase 2 extends from SH 276 to SH 205, a distance of approximately 6.9 miles. Phase 1 schematic development and environmental studies are currently underway. The purpose of the public meeting is to present the preliminary Phase 1 schematic for public review and comment. No project updates have occurred on Phase 2 since the November 2023 public meeting. Phase 2 schematic development and environmental studies are anticipated to begin by Spring 2025.

The proposed project would require right of way and potential displacements. Relocation assistance is available for displaced persons and businesses. For more information about right of way acquisition, please contact Matt Craig, P.E., Consultant Project Manager at 214-346-6200 or by email at RCOL@halff.com.

The virtual public meeting and in-person option will be conducted in English. If you need an interpreter or document translator because English is not your primary language or you have difficulty communicating effectively in English, one will be provided to you. If you have a disability and need assistance, special arrangements can be made to accommodate most needs. If you need interpretation or translation services or you are a person with a disability who requires an accommodation to attend and participate in the virtual
public meeting or in-person option, please contact Matt Craig, P.E., at 214-346-6200 no later than 4 p.m. CT, Monday, November 11, 2024. Please be aware that advance notice is required as some services and accommodations may require time to arrange.

Written comments from the public regarding the proposed project are requested and may be submitted by mail to Halff, Attn: Matt Craig, P.E., 1201 North Bowser Road, Richardson, TX 75081, or by email to RCOL@halff.com. All comments must be received or postmarked on or before Friday, November 29, 2024. Responses to comments received will be available online at https://rockwallcountytexas.com/ 1285/13059/RCOL-Public-Meeting-3 once they have been prepared.

If you have any general questions regarding the proposed project, virtual meeting, or in-person option, please contact Matt Craig, P.E., Consultant Project Manager at 214-346-6200 or by email at RCOL@halff.com.

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 9, 2019, and executed by FHWA and TxDOT.

I do not want the loop 50ft from my neighborhood. The proposed project will bring noise, traffic, ↓ crime into our beautiful County ↓ South Rockwall country living. I do not want to worry about my kids that freely run around our neighborhood + play with their friends. our neighborhood is quiet now + so relaxing. There are other counties that want this loop. Move it there. We do not want it. Keep Rockwall beautiful!

We have lived in Highpoint Lake Estates or Blue Bonnet since March 2017. We moved to the area to be outside the city feel. This will affect ours and thousands of others who live where we live for this same reason, find somewhere that doesn't have the subdivisions that you will destroy with this map.

COMENTARIOS/CUMPLIDOS/ PREOCUPACIONES (Por Favor Letra de Molde):

I am opposed to have the outer loop so close to our homes. The increased development is exactly why we moved here, to get away from fast food chains etc. The increased traffic would also take away from the wild life around this area, as well as the beauty. We also would run out of resources, like water which we do have a shortage of and have been on a water restrictions during the summers. Please! Stop the madness! No outer loop.

From: Chris n Dessiree Brons
To: Rockwall County Outer Loop
Subject: Outer Loop questions
Date: Saturday, November 16, 2024 4:11:47 PM

Hello Matt Craig,

Will there be sound barriers along the parts of this highway that are adjacent to neighborhoods? We live in Waterscape and certainly don't want to hear the roar of traffic on a super highway. I know this is typically the protocol for major highways that run adjacent to homes/neighborhoods.

Also, please consider that we don't want the access road / on-ramp to run directly into our neighborhood entrance. At one point this was the case, so I hope this was reconsidered.

For the value of our homes and quality of peace that we enjoy, please consider our requests.

Thank you!!
Christopher and Dessiree Brons

COMENTARIOS/CUMPLIDOS/ PREOCUPACIONES (Por Favor Letra de Molde):

Before we bring on a project of this magnitude that will impact Rockwall County citizens significantly, I would like to see the Purpose Statement for Rockwall county – Why does Rockwall Co. need this? What happens to Rockwall Co if this project is not approved?
Additionally, I would like for Rockwall County to have a say in the density and development along this loop. What impact will this loop have on the ~~Ocean~~ amount of available open spaces, trails and parks? I would like to see the environmental study for south portion.

COMENTARIOS/CUMPLIDOS/ PREOCUPACIONES (Por Favor Letra de Molde):

In the meeting on November 12th, 2024 it was mentioned that a previously agreed upon deal would be violated if this does not go through. What specifically was that deal? Who agreed to it and what is the breakdown of funds that would be at risk of losing? Which projects are those funds allotted for?
I have serious concerns about this coming through and oppose it.
This would bring much more traffic through the area that otherwise would not come through. This will cause more traffic on other streets already overloaded. This will bring more people into the area that otherwise would not come through already seeing too many people as it is. This would drastically increase traffic in my neighborhood in Royse City + bring in more crime. This needs to go East to less populated areas.

COMMENTS/COMPLIMENTS/CONCERNS (Please Print):
COMENTARIOS/CUMPLIDOS/ PREOCUPACIONES (Por Favor Letra de Molde):

1. Adding this Major thoroughfare between Nevada and McLendon Chisholm is adding an invitation for more retail, apartment complexes, and noise pollution. This area does not desire to become Plano or Frisco. You are stealing the small town feel.
2. I-30 is already congested with existing residence, adding this pathway will only further drive times for existing residence who work in Dallas. This proposed "improvement" is anything but. Current surrounding infrastructure is NOT ready to support this "Major Artery". Focus should be on widening I-30 NOW. The existing widening project for I-30 is a day late and a dollar short.
3. The country lifestyle is why people choose to live in the east part of Rockwall. This development will bring city traffic noise to Neighborhoods, open the door for smut retail and smoke/vape shops and invite investors to add apartment complexes which will completely dissolve the small town vibe.

This will run directly on the property line of [redacted] of our residential neighborhood. No one in this county has voted for this and No one at this meeting can say who needs these commuter. This is a project we do NOT want here. If Hunt County wants it Let them have it. We don't want high density development here and someone needs to listen.

I am STUNNED THAT I talked TO all of the CONSULTANTS IN the room and NO ONE COULD ANSWER The question of who decides where THE road goes and who will be responsible for approving IT. Phase II will run directly behind my home ON The proposed path and I am a Hard NO on That. IN THIS Meeting I was Told by different People IT WAS the County's decision, NCTCOG's decision, TX DOT's decision and/or the U.S. Department of Transportation's decision. THIS IS NON-Transparent government AT ITS WORST.

Mr. Craig,
I am the managing partner of Copranel Properties. Our property is at Circle Drive and I-30 in Royse City. The TxDot Parcel ID: P00000299, ROW CSJ: 0009-12-222. In late 2020 TX Dot acquired 1.122 Acres along the frontage road for the roadway expansion. If the currently proposed outer loop project proceeds than additional property as shown on your drawings and the attached screen shot would need to be acquired.
Would you be able to tell me how many acres you will be needing with this new acquisition? I was unable to attend the last meeting in person but I understand from the materials that purchase negotiations would begin in 4th quarter of 2025/ early 2026.

Any information you could provide on the required acreage and timing on any transactions would be appreciated so that our own development plans can take this into account.

Thank you,

Tom Codiana, PE

Good morning Mr. Matt Craig,

We currently own property off of North Sorrells Road.

We are curious how much of this road will be used and how far beyond the road will be used for development of the proposed Outer Loop?

We look forward to hearing from you.

Regards,

Antonio De La Torre

To: Rockwall County Outer Loop <rcol@halff.com>

Good afternoon,

Rockwall County is conducting a public meeting with both in-person and virtual options for the Rockwall County Outer Loop Project.

The in-person meeting will be held on **Thursday, November 14, 2024,** from **5:30 p.m.** to **7:30 p.m.** at the Rockwall County Courthouse Liberty Hall, 1111 E Yellow Jacket Lane #401, Rockwall, Texas 75087. The virtual public meeting will begin on **Thursday, November 14,** at **5:30 p.m.** and remain online through **Friday, November 29, 2024,** at **11:59 p.m.** at: https://rockwallcountytexas.com/1285/13059/RCOL-Public-Meeting-3. The virtual public meeting is not a live event. The same information will be available at both the in-person and virtual public meetings. For your reference, a copy of the public meeting notice and flyer are attached to this email.

The Rockwall County Outer Loop Project is a proposed new location roadway from Farm-to-Market Road (FM) 2755 to State Highway (SH) 205, a distance of approximately 14.4 miles in Collin, Rockwall, and Kaufman Counties, Texas.

The proposed Rockwall County Outer Loop is currently being developed in two phases. Phase 1 extends from FM 2755 to SH 276, a distance of approximately 7.5 miles. Phase 2 extends from SH 276 to SH 205, a distance of approximately 6.9 miles. Phase 1 schematic development and environmental studies are currently underway. The purpose of the public meeting is to present the preliminary Phase 1 schematic for public review and comment. No project updates have occurred on Phase 2 since the November 2023 public meeting, and Phase 2 schematic development and environmental studies are anticipated to begin by Spring 2025.

You are invited to visit the in-person and/or virtual public meeting at your convenience. If you have any general questions regarding the proposed project, virtual meeting, or in-person option, please feel free to contact me.

Sincerely,

Matt Craig, P.E.
Consultant Project Manager

> Good morning, Mr. De La Torre:
>
> I'm not sure if you were able to attend yesterday's Public Meeting for the Rockwall County Outer Loop. All materials presented at the in-person option is available online here: https://rockwallcountytexas.com/1285/RCOL-Public-Meeting-3.
>
> If you scroll down to the 60% Draft Schematic Design, Sorrells Road is located on Rolls 3 and 4. I've included snippets below for your convenience. The intent is to replace Sorrells Rd with the proposed northbound frontage road from SH 66 to a point near your property. The red crosshatch indicates removal of existing pavement. The remainder of Sorrells Rd would be left in place and connected to the realigned County Line Road where a grade-separated interchange is proposed.
>
> If you have further questions we would be happy to give you a call.

As a homeowner whos home backs up to Kuban Rd.
I OPPOSE PHASE 2 AS PRESENTED!
Seek alternate routes at FM548 + Kuban to increase setbacks from adjoining properties + decrease easements. We need better transportation options but 1 min away?
Vote NO!

COMENTARIOS/CUMPLIDOS/ PREOCUPACIONES (Por Favor Letra de Molde):

This Proposal should be rejected out of hand. It sacrifices your citizens and neighborhoods on the Alter-of Regional Growth.
The notion that Population Growth is to be sought, fostered and, indeed, subsidized is the logic of the cancer cell. And cancer kills the patient.
The regional planners want you to sacrifice your citizens so that the can divert thru truck traffic out of Dallas.
Just Say "NO!"

STOP the Rockwall Co. Loop altogether. Our quality of life in our low density area of North Rockwall Co. will be destroyed by this road. The Migration Route and ecosystem here will NOT survice this road's consequences. Your field environmental study as reported was an inadequate farce. We in this special riparian and adjacent upland area Must Not have our land and lives destroyed to accommodate the NTCOG plan to move traffic east of Dallas. At least have ALL overpasses and stream overpasses 3 times the distance of the highest possible water level on both sides. And no hunting/fishing.

COMENTARIOS/CUMPLIDOS/ PREOCUPACIONES (Por Favor Letra de Molde):

My wife and I are opposed to this entire project. Rockwall county does not need it, as it will unalterable change the face and nature of the county. We live in the phase 2 part of the project which is still rural. This road would make that part of the county urban. We also oppose phase 1 and urge the commissioners to vote against further funding of this project. The idea that the tax payers of Rockwall will fund the road is an outrage

CONCERNS: WE MOVED TO HIGH POINT LAKE ESTATES BECAUSE OF THE COUNTRY SETTINGS, AWAY FROM HIGHWAYS AND TRAFFIC TO GET SOME PEACE & QUIET. Now you are telling us that you have no choice but to bring a highway just a couple hundred feet from my front door? This is very poor planning and you should not have let more and more building to continue. You should compensate everyone affected by buying their homes or pay the amount the property values will go down. We are totally against this plan.

At what time will we be notified if we are in the buyout zones? How and when will this be funded? Is there not a different location that it could be moved to? We moved to Royse City, from Mesquite, because the city decided to expand their airport forcing us off our land. We thought building in Royse City would be our forever home. We do NOT want a highway in our backyard so we will again be forced to move.

IMPROVEMENT IS WONDERFUL & SOMETIMES NEEDED/REQUIRED. HOWEVER WHEN IMPROVEMENT IMPACTS ONE PERSON OR MORE (IN THIS CASE) THERE SHOULD BE NO DOUBT AS TO THE CONFIDENCE IN HAVING THE SUPPORT OF THAT ONE, OR IN THIS CASE A MAJORITY APPROVAL. TXDOT DOES NOT HAVE THAT APPROVAL — ROCKWALL COUNTY DOES NOT HAVE APPROVAL OF ITS CONSTITUENTS. THERE HAS BEEN NO VOTE ON THIS (PHASE 2) THROUGH ROCKWALL COUNTY. THE FUNDS FOR THIS PROJECT CANNOT BE IDENTIFIED AND NUMEROUS TIMES THAT QUESTION HAS BEEN ASKED, AND UNANSWERED! SO, AT THIS POINT I CANNOT, IN CONFIDENCE VOTE FAVORABLY FOR THIS PROJECT. SPEAK PHASE 2!

COMENTARIOS/CUMPLIDOS/ PREOCUPACIONES (Por Favor Letra de Molde):

Environmental Impact of Phase 2 will greatly increase noise & light levels. My property will be adjacent to the proposed route and I am looking at a complete loss of country tranquility due to 24/7 Trucks & cars invading what is currently a quiet neighborhood area. We have already seen home sales and prices drop with people expecting to see the road come in. This road only benefits the High density developers like DR Horton that we do not want crowding out the peace and quiet. This will also increase trash and polution into the watersheds that are along the phase 2 route. This should be moved further out to Hunt County because it does not benefit the current people. The drive needs are for east - west not north south.

Good evening, Commissioners,

My name is Dennis London.
My phone number is (972) 400-8741
My address is 216 Harvest Ridge Drive in McLendon Chisholm

Tonight, I am here as a citizen of Rockwall County who trusted you with my tax dollars and my vote. The $150 million bond that you now intend to redirect was approved by WE THE PEOPLE for very specific projects, and any attempt to reallocate those funds without a public vote is not only a violation of our trust - it borders on outright misappropriation.

Under Texas Government Code Chapter 1251, it's explicitly clear that funds approved by voters must be used for the purposes specified at the time of the election. Reallocating these funds toward the Outer Loop project that was never presented to the voters constitutes a violation of that law. Commissioners, this is not an interpretation - this is statute. You cannot manipulate the language of a voter-approved bond to serve private interests or hidden agendas.

The people of Rockwall County have a right to know that their money is being used exactly as promised. Texas Local Government Code 252.041 outlines that actions involving public funds should be fully transparent, with opportunities for citizen involvement and review.

Operating behind closed doors, diverting funds without our knowledge, violates this fundamental principle. If this project is truly beneficial, then you should have no hesitation in presenting it to the people for approval. Anything less reeks of impropriety and, frankly, arrogance.

Also, under Texas Penal Code §39.02, public servants who misuse government property - including taxpayer dollars - can be found guilty of official misconduct. Misuse of a bond that was clearly earmarked for other projects could easily meet this definition, and it's a reminder that you are not above the law.

So let me be perfectly clear: if I find any portion of this plan to be legally questionable, I will be contacting both the District Attorney and the Attorney General to ensure that a thorough investigation is conducted. You cannot, and will not, get away with any form of potential misappropriation.

If you think I'm kidding, just ask the city council members in McLendon Chisholm who are

learning firsthand what happens when they ignore the will of the people to cater to outside interests. You think you know me? Think again.

The people of Rockwall County are watching, and we will hold you accountable. Do not mistake our patience for passivity. Honor your responsibility to the people or face the legal and publicly humiliating consequences of betraying our trust.

Thank you.

Dennis London

This Outer Loop is not why we approved the bonds in 2021. Not a hint of this project was on it! We have higher priority projects. This has NEVER been put to the voters and if our Commissioners Court thinks the Bond funds are a slush fund for any road they want, for shame. This will bring over-development and crime to our beautiful county and create urban sprawl that I moved here to avoid.

IF YOU BUILD IT.... THEY WILL COME.

I am currently a resident in Rockwall County and reside in High Point Lake Estates in Rockwall County. I am writing you this letter because I am opposed to the building of the Outer Loop Highway. The proposed route would run adjacent to my residence and will be elevated over the flood plain. This will bring many issues to a peaceful country area of Rockwall County. For example this a proposed elevated highway directly adjacent to a community of 400 homes, this highway will bring noise, pollution, crime and more traffic to the area. The suggested path crosses a large flood plain and water causeway in multiple areas adjacent to our community, this will chase wild animals from their habitat, bring the potential for more water to be sent to the flood plain causing a risk for existing homes. Please consider another route for this proposed highway that does not destroy the beauty of Rockwall County and our beloved neighborhood. This roadway would not add any value to Rockwall County. This is a thruway for trucks and will not help Rockwall, in fact this would be the destruction of a great county.

Dear Rockwall City Council Members and Halff Associates ,

I am writing to express my serious concerns about the proposed construction of a 6-lane outer-loop highway near High Point Lake Estates (HPLE). This project, if approved, would have far-reaching and potentially irreversible impacts on our community. Below, I outline several well-documented concerns, supported by research and real-world examples, that highlight the negative consequences of this development.

1. Noise Pollution

The construction of a 6-lane highway would introduce significant noise pollution, directly affecting the quality of life in HPLE. The World Health Organization (WHO) identifies environmental noise as a major public health issue, linked to cardiovascular diseases, sleep disturbances, and impaired cognitive performance.

- How would sound barriers impact the noise in this area? Especially with this being elevated to bypass flood plains and soil conservation areas?
- Studies show that noise pollution equates to an increased stress level almost by 30%, what study can you provide in relation to increased stress levels.

Residents in HPLE value the peaceful environment of our neighborhood, which would be irreparably disrupted by the noise of a high-traffic highway.

2. Safety Concerns

The safety of pedestrians, cyclists, and residents—especially children and the elderly—is a top priority for our community. Expanding to a 6-lane highway would significantly increase traffic volume and the risk of accidents.

Is this highway a thoroughfare for 18 wheel trucks heading in a north and

south direction? This will become a commercial corridor for truckers to bypass 1-30.
- Have any studies been completed that would show the resulting accident rates for automobiles?
- Neighborhood streets near highways often become unintended cut-through routes, increasing the risks to local residents, pedestrians and cyclists.

This project would directly endanger the safety of our most vulnerable residents, undermining the family-friendly environment of High Point Lake Estates.

3. Air Quality and Environmental Impact

Vehicular emissions are a primary source of air pollution, and the construction process itself would further harm the environment.

- What studies have been completed to show the effects on the environment of this suburban area?
    - What will the impact be to the native animals such as : Deer, Falcons, Bald Eagles, and other species native to this area?
- The Environmental Protection Agency (EPA) reports that highways contribute significantly to increased levels of nitrogen oxides (NOx) and particulate matter (PM2.5), both of which are linked to respiratory and cardiovascular illnesses.
    - A study in the *Journal of Environmental Management* (2018) found that communities near expanded highways experienced a 40% increase in harmful air pollutants.

Additionally, the loss of green spaces and potential damage to local ecosystems would contradict Rockwall's commitment to sustainability.

4. Impact on Property Values

The proximity of a large highway to residential neighborhoods often leads to a measurable decline in property values.

- Research published in the *Journal of Urban Economics* (2017) found that homes within 500 meters of major highways experienced an average property value decrease of 8-10%.
- Noise, safety concerns, and air pollution are cited as the primary deterrents for prospective homebuyers.

This decline could have significant economic repercussions for residents, diminishing the appeal of our community and reducing local tax revenue.

5. Alternative Solutions

We strongly urge Rockwall to explore alternative solutions that address traffic congestion without jeopardizing the well-being of residents.

- Investments in improved public transportation infrastructure, such as express bus services or rail lines, could significantly reduce traffic volume.
- Utilizing alternative routes that avoid dense residential areas would better balance the needs of commuters and local communities.

Conclusion

While we recognize the need to address Rockwall's growing traffic demands, the proposed 6-lane highway near HPLE presents serious risks to our community's safety, environment, and quality of life. We respectfully request that the city prioritize a transparent and collaborative approach, engaging directly with residents to identify sustainable and community-focused solutions. Our shared goal should be to enhance mobility for all residents without sacrificing the unique character and well-being of neighborhoods like HPLE.

Additionally, I would like to bring attention to an important point raised during a recent County Commissioners Court session. This meeting was one of many instances where Judge New demonstrated his commitment to serve and protect the citizens of Rockwall County. While some of our commissioners in conjunction with Halff Associates continue to justify spending upwards of $9 million of taxpayer money on the southern portion of the Rockwall Outer Loop. Judge New made it clear that Rockwall residents have never been given the opportunity to vote on this Outer Loop project. It is being imposed upon us without our consent, and Judge New is standing up for our rights. I would hope that our current and incoming commissioners, who are supposed to represent us, would do the same.

Thank you for considering our concerns, and I look forward to your response.

Frank Merlino

COMENTARIOS/CUMPLIDOS/ PREOCUPACIONES (Por Favor Letra de Molde):

It's unimaginable that the country section of Rockwall (southern) will be turned into an inner city. The crime rate which is so low will skyrocket. What studies were done to show us differently. Were they shared are they comparable? Most citizens don't want this here so why is it being done? Rockwall doesnt benefit. Representatives at our meeting said it's based on equity. It basically looks better to take land + homes from people that made money working hard. Is that true? Where were the decisions made & by whom? We are being punished for hard work, how is that fair. I want to know how this was decided.

Attachments: image001.png

I called Asha this morning and explained to her that a formal response will be provided with the Public Meeting documentation. I told her that access will be provided to both parcel remainders. The northern remainder will have access to the northbound frontage road. The southern remainder will likely have current access replaced along Sorrells Rd due to proximity to the SBFR/County Line Rd intersection and turn lanes. She is going to discuss with her husband and reach back out.

Hi Matt,

Can you please acknowledge receipt of this email? This non-availability of access to the parcel is a bit concerning. I want to make sure that it is addressed during the planning process.

Thanks a lot for your consideration
Asha

On Sat, Nov 16, 2024 at 2:05 PM Asha P <[redacted]> wrote:

> Hi Matt Craig,

> Thank you for giving the opportunity for the public to comment on the project. The outlined parcel in the below picture (Property ID: 12880) belongs to us, and we are very concerned that there is no planned entrance from the frontage roads to access the parcel on both the north and south sides of the property. As currently designed, it appears that the northern parcel would be landlocked without access and this is very concerning for us. Could you please review and adjust the plans to ensure that both the north and south parcels along the outer loop have dedicated access from the frontage roads just like the other neighboring properties?
>
> Please let us know if you need any further information from us so this concern can be addressed
>
> The property ID: 12880

Thank you for the opportunity to provide insight and comments regarding this proposed Outer Loop Project

My root concern is the "Need:" statement attached to this project and the size of the solution. Generic in nature, this "need" statement could be used anywhere in the country and fails to include historical and/or trending data that justifies such a massive (interstate size) solution. The existing highway system in this area sufficiently services current north / south (N/S) traffic demands. I live on a N/S highway in the projected build area. During the past 5 years of growth in this area, the traffic flow for N/S travel has shown little increase. What has increased significantly is the east / west (E/W) traffic. As such, that "need" is being appropriately addressed with expansion projects on I-30, State 276 & State 205. Interesting to note, that neither the State 276 or State 205 expansion projects will be anywhere near the size of the proposed Outloop Project, yet those two highways are gridlock during morning and afternoon commutes and maintain a higher traffic flow outside the commute traffic windows.

Regardless of traffic studies that may or may not exist, there is no study that can justify building this massive interstate size highway. The cost and maintenance expense alone should be sufficient reason to shelve this project permanantly. It lacks a clearly defined need and will negatively impact all who live within a 3 to 5 mile parallel of the project path primarily through quality of life, displacement and negative impact on our property values. The noise pollution alone will ruin the serenity of what make this rural location such a peaceful place to live.

If a loop is deemed necessary, extend the 190 loop south from I-30.

Q1

COMMENTS:COMENTARIOS:

Our family and neighbors ae 100% against this outer loop going very close to our house (Hight Point Ranch). We specifically chose this location to live years ago as it was far away from traffic, noise, pollution, congestion and crime, yet this project will bring all of those to our area. If this North-South connectivity is absolutely necessary, could it not be pushed several miles East or West where it will have less impact on the residents here?

Subject: RCOL- 500 N. Sorrells Rd.
Sent: 11/29/2024, 2:14:12 PM
From: Mikaela Salazar<[redacted]>
To: Rockwall County Outer Loop

Mr. Matt Craig,

My husband and I along with our 3 children Karina-14, Santiago-11, and Daniel-7 live at 500 N. Sorrells Rd. The most recent plan for the RCOL directly connects the frontage road to our driveway and front yard.

We are greatly concerned for the safety of our children and neighborhood children.
The inevitable car crash and a car loosing control due to high speeds is terrifying.

The constant sound of traffic from a nearby highway is a great disruption to the quality of life for our community.

Exhaust fumes from highway traffic will contribute to increased air pollution and make it an unhealthy place to live.

We chose to build our home in Royse City like so many others because it is a safe, quiet, and peaceful place.

Please consider alternate routes for the RCOL. Please feel free to contact me directly.

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Hello,

I am currently a resident in Rockwall County and reside in High Point Lake Estates in Rockwall County. I am writing you this letter because I am opposed to the building of the Outer Loop Highway within the proposed route. The proposed route would run adjacent to my residence and will be elevated over the flood plain. This will bring many issues to a peaceful country area of Rockwall County. For example the proposed elevated highway directly adjacent to a community of 400 homes, this highway will bring noise, pollution, crime and more traffic to the area. The suggested path crosses a large flood plain and water causeway in multiple areas adjacent to our community, this will chase wild animals from their habitat, bring the potential for more water to be sent to the flood plain causing a risk for existing homes, and lower the property values in our area. We did not purchase property in this peaceful area hoping one day a major highway would be built surrounding it. Please consider another route for this proposed highway that does not destroy the beauty of Rockwall County and our beloved neighborhood. This roadway would not add any value to Rockwall County. This is a thruway for trucks and will not help Rockwall, in fact this would be the destruction of a great county.

Thank you,

Shay Singleton | Contract/Service Sales

We do not have enough water as it is. Now we are having to deal with a hwy right out our front door. - This is going to bring so many more developments & retail - where is the water going to come from?

Please I don't want a hwy right beside my home - We have lived here since the early 90's. - This isn't right - Take our homes if its going to be within 1 mile of a home. its ridiculous

This project is not necessary and not wanted. Been living a country life for 12 years & now has already been moved to a semi-country environment. I know growth is eminent but putting a North/South connecting Hwy right in the middle of so many developments is down right stupid. Travel in & around the Rockwall area is already conjested. We can only imagine what the outer Loop will do. Please put your brilliant minds to work on another project.

On behalf of ROYSE MVP INVESTMENTS LLC, we are submitting this comment regarding the proposed right-of-way that affects our property located at Parcel Number 12880. We understand and support the need for the right-of-way project, including the resulting division of our land into two halves. However, to maintain the usability and accessibility of the remaining sections of our property, we request that the County provide dedicated access roads or easements to each segment of our land.

By ensuring access to both halves of the property, the County will help to preserve the land's intended utility and maintain our company's ability to operate and manage this property effectively. This would also ensure the project aligns with community and business needs while fulfilling the right-of-way goals.

Thank you for your attention to this matter, and we appreciate your consideration of our request. We look forward to continued collaboration to make this project beneficial for all involved.

Sincerely,
Venkata Veerapaneni

This project is prioritizing money over the constituents in Rockwall County. Rockwall County doesn't need the kind of uncontrolled growth this will bring. I have lived in both Dallas & Collin Counties and chose to move to Rockwall because it wasn't those. Adding this highway creates the ability for it to become exactly that. Areas of uncontrolled growth do not ~~s~~ succeed, they create more problems. Kaufman County is a perfect example of what Rockwall will become.

We DO NOT WANT THIS!

We have begun construction on a new home at 4732 S FM 548. The current plan has the highway west of our home, & we would obviously prefer that its location NOT move any further east, as it would adversely affect our beautiful property & the wildlife that thrives there. We currently have nearly 16 acres that is home to many species, & we intend to preserve the integrity of their habitat &, in many ways, enhance it. Please continue to take our family & our property into consideration as you continue plans for the best interest of Texans & Texas Wildlife.

COMENTARIOS/CUMPLIDOS/ PREOCUPACIONES (Por Favor Letra de Molde):

We are currently in construction phase of our new home at 4732 S. FM 548 in Fate. We need to be sure that no changes to the route affect our new home. As currently planned, we will lose some of our land, but the house is still viable. Any movement to the east would be a major problem for us. Movement west is preferred if possible.

Thanks for your consideration

- Justin Wade

I am writing to express my serious concerns about the proposed construction of a 6-lane outer-loop highway near High Point Lake Estates (HPLE). This project, if approved, would have far-reaching and potentially irreversible impacts on our community. Below, I outline several well-documented concerns, supported by research and real-world examples, that highlight the negative consequences of this development.

1. Noise Pollution

The construction of a 6-lane highway would introduce significant noise pollution, directly affecting the quality of life in HighPoint Lake Estates (HPLE). The World Health Organization identifies environmental noise as a major public health issue, linked to cardiovascular diseases, sleep disturbances, and impaired cognitive performance.

- A study published in the *Journal of Environmental Psychology* (2019) revealed that proximity to major highways correlates with a 30% increase in stress levels and a 25% higher likelihood of sleep disturbances and the associated health implications.
- Noise barriers often fail to fully mitigate these impacts, particularly in residential areas.

Residents in HPLE value the peaceful environment of our neighborhood, which would be irreparably disrupted by the noise of a high-traffic highway.

2. Safety Concerns

The safety of pedestrians, cyclists, and residents—especially children and the elderly—is a top priority for our community. Expanding to a 6-lane highway would significantly increase traffic volume and the risk of accidents.

- Data from the Federal Highway Administration (FHWA) indicates that wider highways are associated with a 20-30% increase in accident rates due to higher speeds and traffic density.
- Neighborhood streets near highways often become unintended cut-through routes, increasing the risks to pedestrians and cyclists.

This project would directly endanger the safety of our most vulnerable residents, undermining the family-friendly environment of HPLE.

3. Air Quality and Environmental Impact

The environmental consequences of a major highway expansion cannot be overlooked. Vehicular emissions are a primary source of air pollution, and the construction process itself would further harm the environment.

- The Environmental Protection Agency (EPA) reports that highways contribute significantly to increased levels of nitrogen oxides (NOx) and particulate matter (PM2.5), both of which are linked to respiratory and cardiovascular illnesses.
- A study in the *Journal of Environmental Management* (2018) found that communities near expanded highways experienced a 40% increase in harmful air pollutants.

Additionally, the loss of green spaces and potential damage to local ecosystems would contradict Rockwall's commitment to sustainability.

4. Impact on Property Values

The proximity of a large highway to residential neighborhoods often leads to a measurable decline in property values.

- Research published in the *Journal of Urban Economics* (2017) found that homes within 500 meters of major highways experienced an average property value decrease of 8-10%.
- Noise, safety concerns, and air pollution are cited as the primary deterrents for prospective homebuyers.

This decline could have significant economic repercussions for residents, diminishing the appeal of our community and reducing local tax revenue.

5. Alternative Solutions

We strongly urge Rockwall to explore alternative solutions that address traffic congestion without jeopardizing the well-being of residents.

- Investments in improved public transportation infrastructure, such as express bus services or rail lines, could significantly reduce traffic volume.

- Utilizing alternative routes that avoid dense residential areas would better balance the needs of commuters and local communities.

Conclusion

While we recognize the need to address Rockwall's growing traffic demands, the proposed 6-lane highway near HPLE presents serious risks to our community's safety, environment, and quality of life. We respectfully request that the city prioritize a transparent and collaborative approach, engaging directly with residents to identify sustainable and community-focused solutions. Our shared goal should be to enhance mobility for all residents without sacrificing the unique character and well-being of neighborhoods like HighPoint Lake Estates.

Additionally, I would like to bring attention to an important point raised during a recent County Commissioners Court session. This meeting was one of many instances where Judge New demonstrated his commitment to serve and protect the citizens of Rockwall County. While some of our commissioners in conjunction with Halff Associates continue to justify spending upwards of $9 million of taxpayer money on the southern portion of the Rockwall Outer Loop. Judge New made it clear that Rockwall residents have never been given the opportunity to vote on this Outer Loop project. It is being imposed upon us without our consent, and Judge New is standing up for our rights. I would hope that our current and incoming commissioners, who are supposed to represent us, would do the same.

Thank you for considering our concerns, and I look forward to your response.

Sincerely,

//signed//

My husband & I moved to our forever home in 2016 in High Point Lake Estates. We loved the country style living and the beautiful sunsets. Also the peace and quiet from the business of the City. Everything will change with this Outer Loop being produced in our backyard. The noise will be unbearable, this will effect our sunsets, the wildlife - deer, killdeer birds, hawks, cattle, etc. Please let Rockwall citizens & others use the expanded 205, John King & other roads to get to where they need to go. I say "No" to this Outer Loop. Thank you for your time.

COMMENTS/COMPLIMENTS/CONCERNS (Please Print):
COMENTARIOS/CUMPLIDOS/ PREOCUPACIONES (Por Favor Letra de Molde):

Part of the environmental assessment of this outer loop should include both resident & migratory birds. The already established neighborhood and surrounding ranches provide a haven for birds and mammals such as white-tailed deer. For example, the consecutive freezes significantly reduced the kill deer population. We still 4 years later do not have kill deer on west side of Wincrest Drive. Further, another loop will not reduce the traffic on 205. John King and Corporate Blvds are two loops that are barely used and do not alleviate traffic on 205. Plus, 205 is being widened as we meet tonight. Let's see if that will solve the traffic on 205. At the end of the day, I rather sit in traffic on 205 than have a road in my backyard, my neighbor's backyard, the historic Tate Farm, and others.

Good morning Mandy
Thank you very much for your comment. Project team will review and provide response after the commenting period concluded. Please also understand that while the entire feasibility study limits will be in the upcoming public meeting, the south section Phase 2 from SH 276 to SH 205 that pertaining to High Pointe Lake Estates will later start its own schematic and environmental process.

Regards,
Liang

This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

To whom it may concern,

My name is Mandy Young and my husband and I purchased our property 2460 Wincrest Drive, here in Rockwall back in 2016. We had searched high and low trying to find the best place to raise our large homeschooling family with 8 children.. When we discovered our property, with the back 1/2 acre being all trees for our kids to run, play,and explore, we knew we found our forever home.

The home where we would raise our family and then Lord willing, relive many of the same memories with grandchildren one day. Our favorite part of our home is not the brick and mortar with which we live within, but rather the acre that we have planted over 50 trees on and then the back 1/2 acre that was already covered in trees.

It's this back half acre, where my husband and son built a prayer path by hand throughout the entirety of it. A prayer path that also leads to the fire pit and tree house they also built together by hand. This is what my kids have always called "our forest" is where my youngest sons and neighbors have dug out the ancient cistern, shovel load by shovel load and we have loved imagining what it was used for once upon a time. Our rustic fire pit has been used for more family cook outs and discussions about life and reliving memories than just about anywhere else in our home, other than the kitchen of course. We have loved how secluded our back is, to enable us to have camp outs in our "forest". We have also enjoyed all the cows and their calves during calving season that line our back fence. I have so many memories of my little boys running out with their diapers on to see the "tows" and pretend like they were their own. Which is the same thing they now do with the donkeys that are always at our fence. My boys have named them and love getting to pet them as they've grown more accustomed to them. The peaceful place we call home is being threatened by The Outer Loop. This massive highway that will literally lie adjacent to my back fence. Oh I suppose some tall concrete wall is planned to go in along side it, but the serendipity nature of our property will be lost forever. Gone are the discoveries made by little children's inquisitive minds, just searching for something that is begging to be discovered. Gone are the bike trails made of the fallen leaves and the hot coca being sipped beneath the Christmas lights above our fire pit. This outer loop will destroy all of that, for us and for them and for their children one day. As a child of parents that moved around a lot while my husband was growing up, he dreamed of having a steady home for his kids to grow up, one where core memories would be made and one where they would be able to come home to once they were grown and feel the

warmth of nostalgia of truly “coming home”. That was the home we were dreaming of and that was the home we thought we had built, until we were told of the “gotcha moment” that is the Outer Loop.

The citizens of Rockwall, stand to gain nothing from this and yet somehow our leaders that we have elected to stand with are trying to force this upon this wonderful community. It’s all about greed and money and zero regard to what it will do to the actual people that have chosen to make Rockwall their forever home. We aren’t transient people that will just move on to somewhere else, we were actually permanent citizens of High Pointe Lake Estates, that fear their home is being ripped right out from beneath them. Oh I realize this will do nothing to the structure of our home, but as I’ve described above, our home IS our property. This is what makes it ours..

Please, don’t vote on something that will affect thousands of Rockwall Citizens. Allow THEM to vote on it - without smoke and mirrors. Just plain explanation of what it is and see what Rockwallians want. Greenville actually wants the loop and would be so grateful for it. Why force it on people that don’t when just down the street there is a community that does? It make no sense - unless all that matters is MONEY and somebody is planning on getting richer at the cost of Rockwall Families!

Thank you for taking the time to read my heartfelt plea to not build this Outer Loop in my backyard.

Mandy Young
2460 Wincrest Drive
Rockwall, TX 75032

SLIDE 1 – Cover Slide

Rockwall County welcomes you to the Rockwall County Outer Loop Public Meeting. We appreciate your interest in the project and thank each of you for your participation.

Please note, for those viewing the Virtual Public Meeting, you may pause this presentation at any point to allow more time to view the slides or get a more detailed view of the project design or other exhibits available online. You may also pause the presentation and navigate forward or backward as needed.

SLIDE 2 – In-Person and Online Virtual Public Meeting

An in-person public meeting and a virtual public meeting are being held on the Rockwall County Outer Loop Project to share project information and to obtain feedback from the public regarding the project. The same information is available at the in-person and virtual meetings. This presentation and additional project materials are available online and can be viewed or downloaded by visiting the Virtual Public Meeting. To access the Virtual Public Meeting, go to Rockwall County's website at www.rockwallcountytexas.com/loop and navigate to the "RCOL Public Meeting #3" page on the lefthand side, or use the direct link or QR code provided in this slide.

SLIDE 3 – Public Meeting Purpose

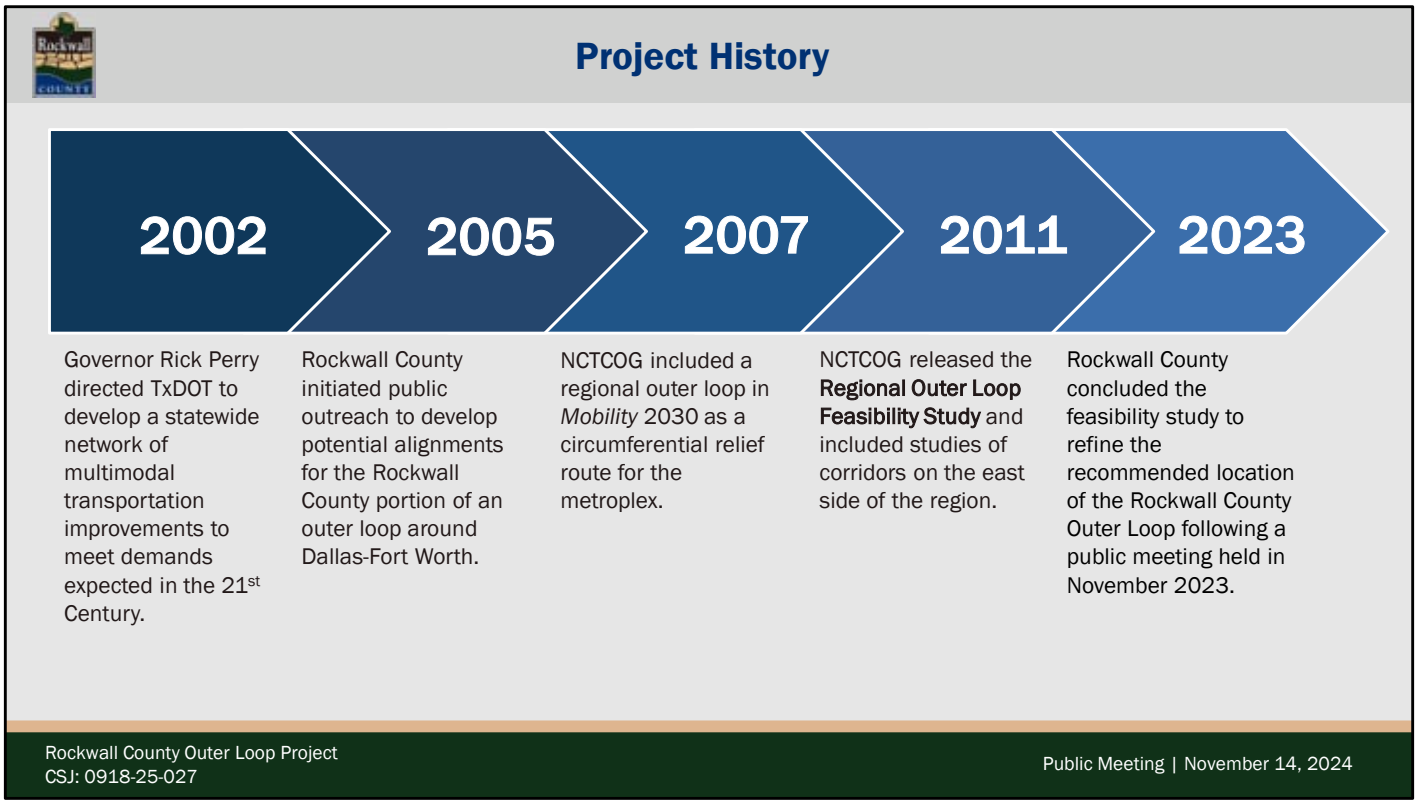

This Public Meeting is being held by Rockwall County to receive and consider comments from the public regarding the Rockwall County Outer Loop Project.

You may have attended previous public meetings. However, for the benefit of those who have never attended one, I will explain why and how a public meeting is conducted.

This Public Meeting has four essential purposes:

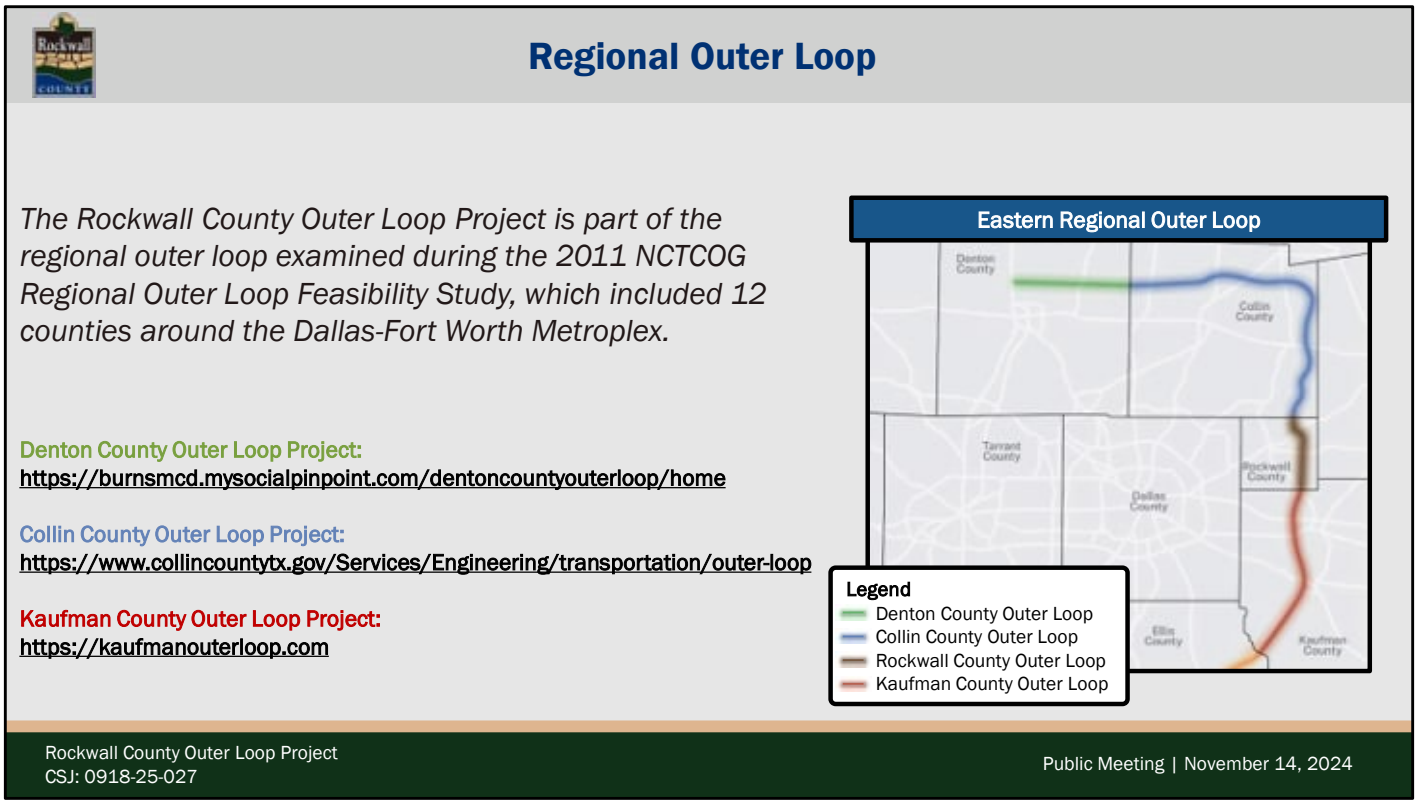

1. To inform the public of the project status.
2. To describe the project to the public so the public can determine how they may be affected.
3. To provide the public an opportunity to view information and express their ideas and concerns at this stage in the planning process while the ability to respond to comments is still flexible and before location and design decisions are finalized.
4. And finally, to develop a record of public participation to accompany recommendations for project decision making.

This Public Meeting is being held in compliance with both federal and state laws. Documentation of this meeting will be made available for the official record.

SLIDE 4 – Project History

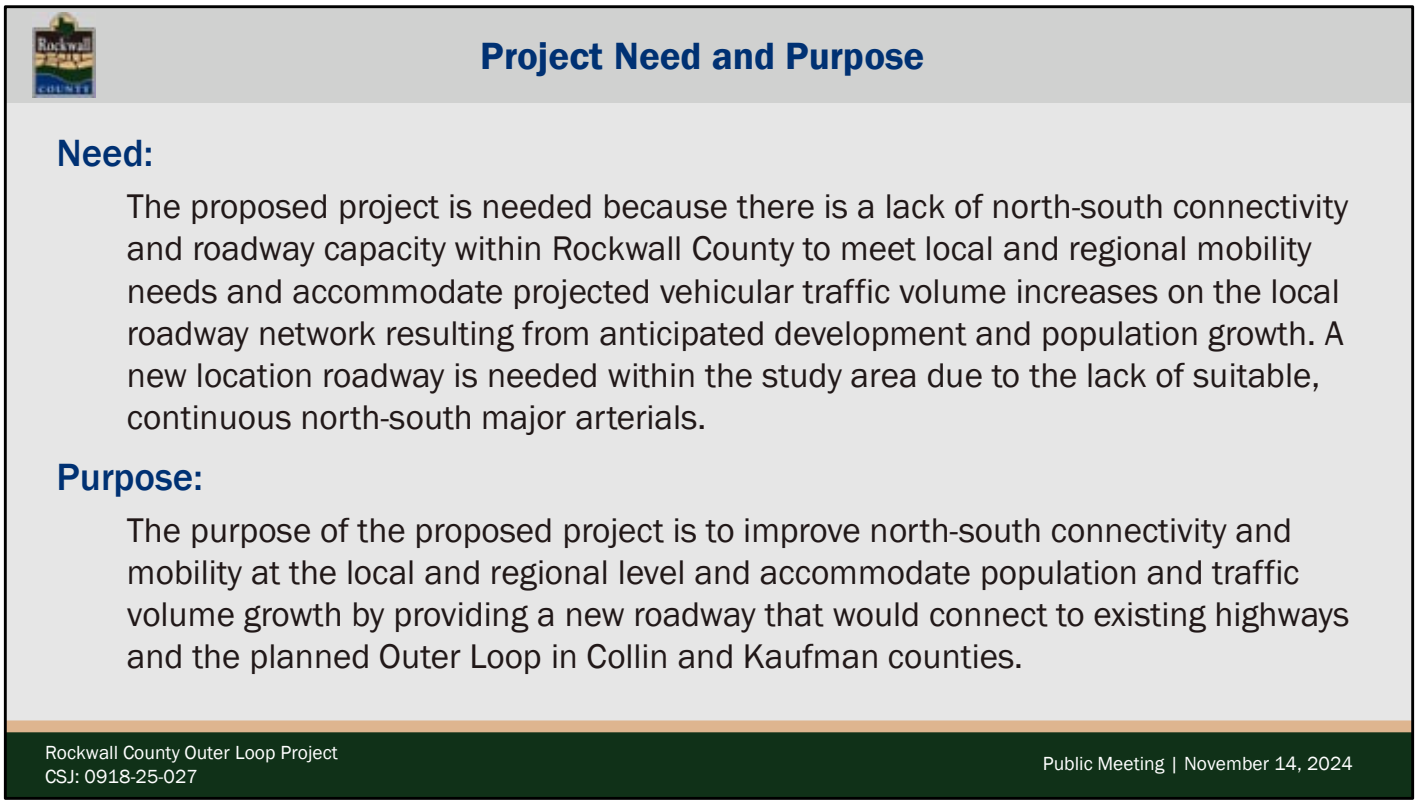

The concept for the Rockwall County Outer Loop began in 2002 under an initiative from the governor of Texas. Rockwall County developed a routing study in 2005 which resulted in a preliminary roadway corridor that was integrated in the North Central Texas Council of Government's, or NCTCOG's, long-range mobility plan in 2007. Four years later, the NCTCOG conducted a feasibility study over 12 counties to identify a regional outer loop around the Dallas-Fort Worth Metroplex. In that feasibility study, the Rockwall County Outer Loop was identified as a segment of independent utility for continued development and further evaluation. This project is an extension of the previous work done by Rockwall County and the NCTCOG to identify, refine, and study potential alignments to advance to a design and environmental study phase. The feasibility study phase of the project was concluded following the November 2023 Public Meeting.

SLIDE 5 – Regional Outer Loop

The Rockwall County Outer Loop Project is part of the regional outer loop studied in the 2011 NCTCOG Regional Outer Loop Feasibility Study. Continuity with other segments of the regional outer loop is part of the Rockwall County Outer Loop Project's purpose and need, described on the next slide.

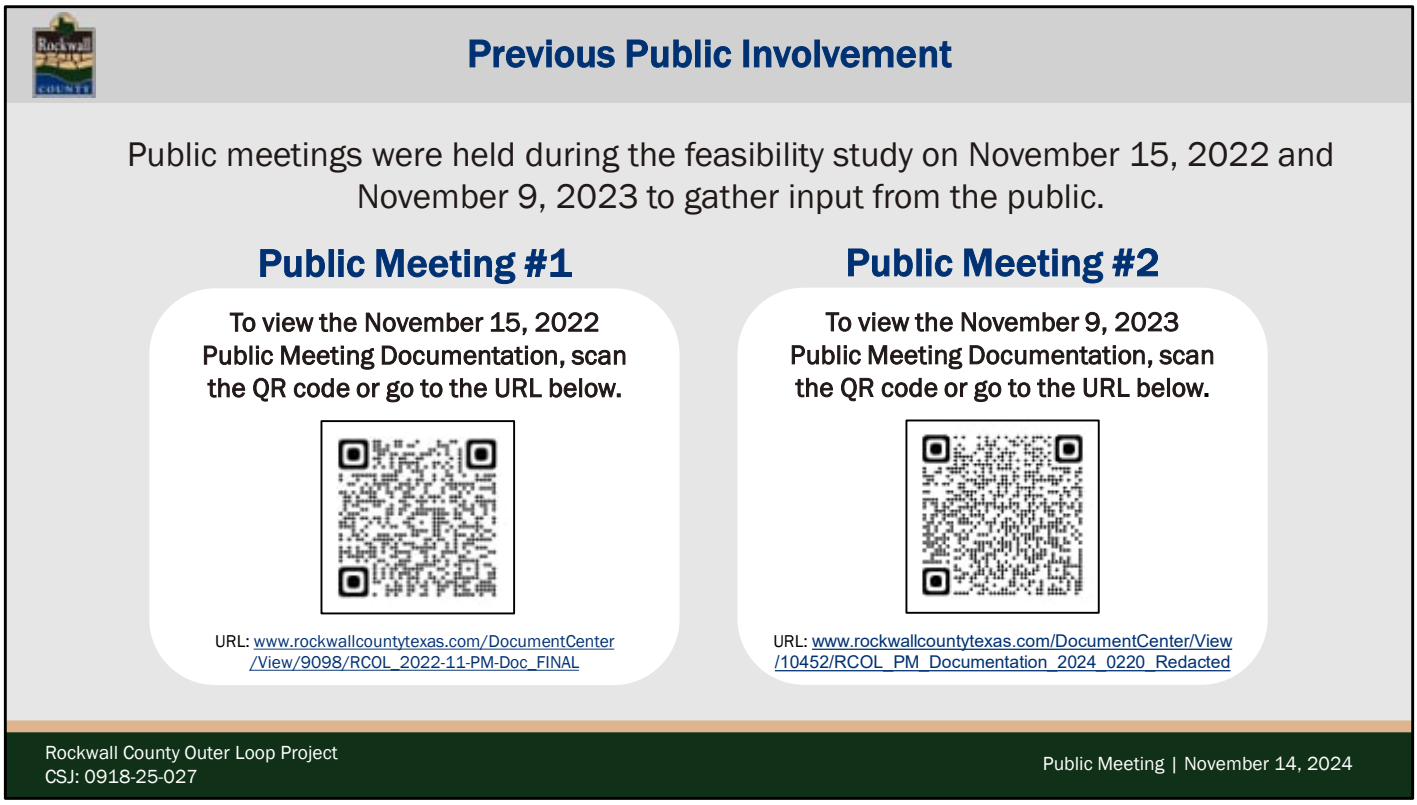

Each counties' portion of the regional outer loop is in different stages of study, planning, or development. For more information on other portions of the eastern regional outer loop, please see the project websites referenced on this slide.

SLIDE 6 – Project Purpose and Need

The proposed project is needed because there is a lack of north-south connectivity and roadway capacity within Rockwall County to meet local and regional mobility needs and accommodate projected vehicular traffic volume increases on the local roadway network resulting from anticipated development and population growth. A new location roadway is needed within the study area due to the lack of suitable, continuous north-south major arterials.

The purpose of the proposed project is to improve north-south connectivity and mobility at the local and regional level and accommodate population and traffic volume growth by providing a new roadway that would connect to existing highways and the planned Outer Loop in Collin and Kaufman counties.

SLIDE 7 – Previous Public Involvement

A feasibility study was conducted for the Rockwall County Outer Loop, which included two public meetings, one in November 2022 and one in November 2023. An alternative recommended for further study was presented at the November 2023 Public Meeting.

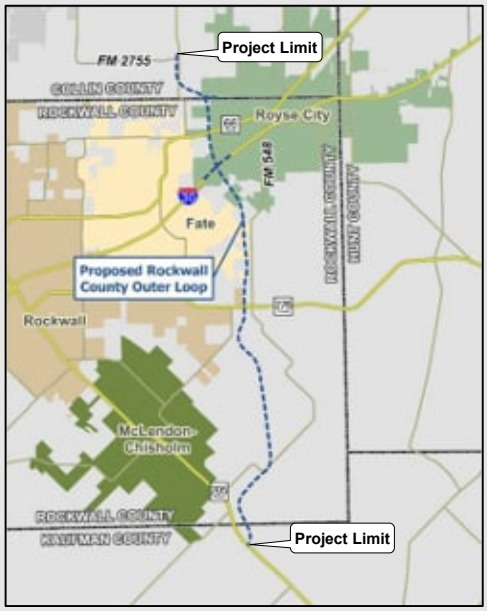

Responses to comments received from previous public meetings are available online in the comment/response matrix within each public meeting documentation. To access the previous public meeting materials and documentation, please go to the link provided or scan the QR code on the slide.

Project Description

Rockwall County Outer Loop

- **Project Limits:** From FM 2755 to SH 205
- **Project Length:** Approximately 14.4 miles

The proposed project would construct the Rockwall County portion of the regional Outer Loop, from FM 2755 to SH 205, a distance of approximately 14.4 miles in Collin, Rockwall, and Kaufman Counties, Texas.

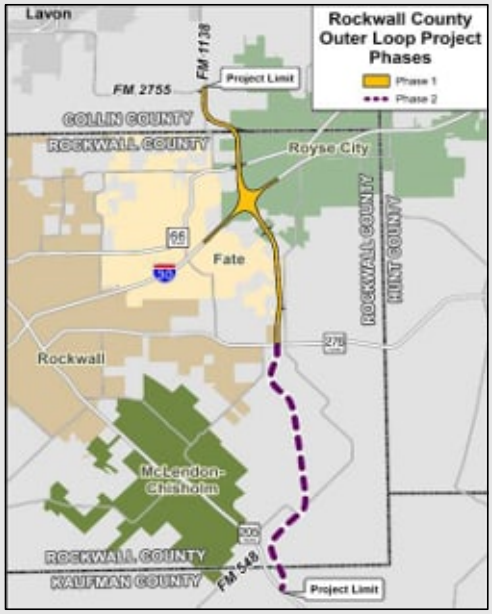

Rockwall County Outer Loop Project
CSJ: 0918-25-027

Public Meeting | November 14, 2024

SLIDE 8 – Project Description

The proposed project would construct the Rockwall County portion of the regional Outer Loop, from FM 2755 to SH 205, a distance of approximately 14.4 miles in Collin, Rockwall, and Kaufman Counties, Texas.

Phase 1 and Phase 2 Project Limits

Phase 1

- **Project Limits:** From FM 2755 to SH 276
- **Project Length:** Approximately 7.5 miles
- **Current Status:** Schematic Development and Environmental Studies underway

Phase 2

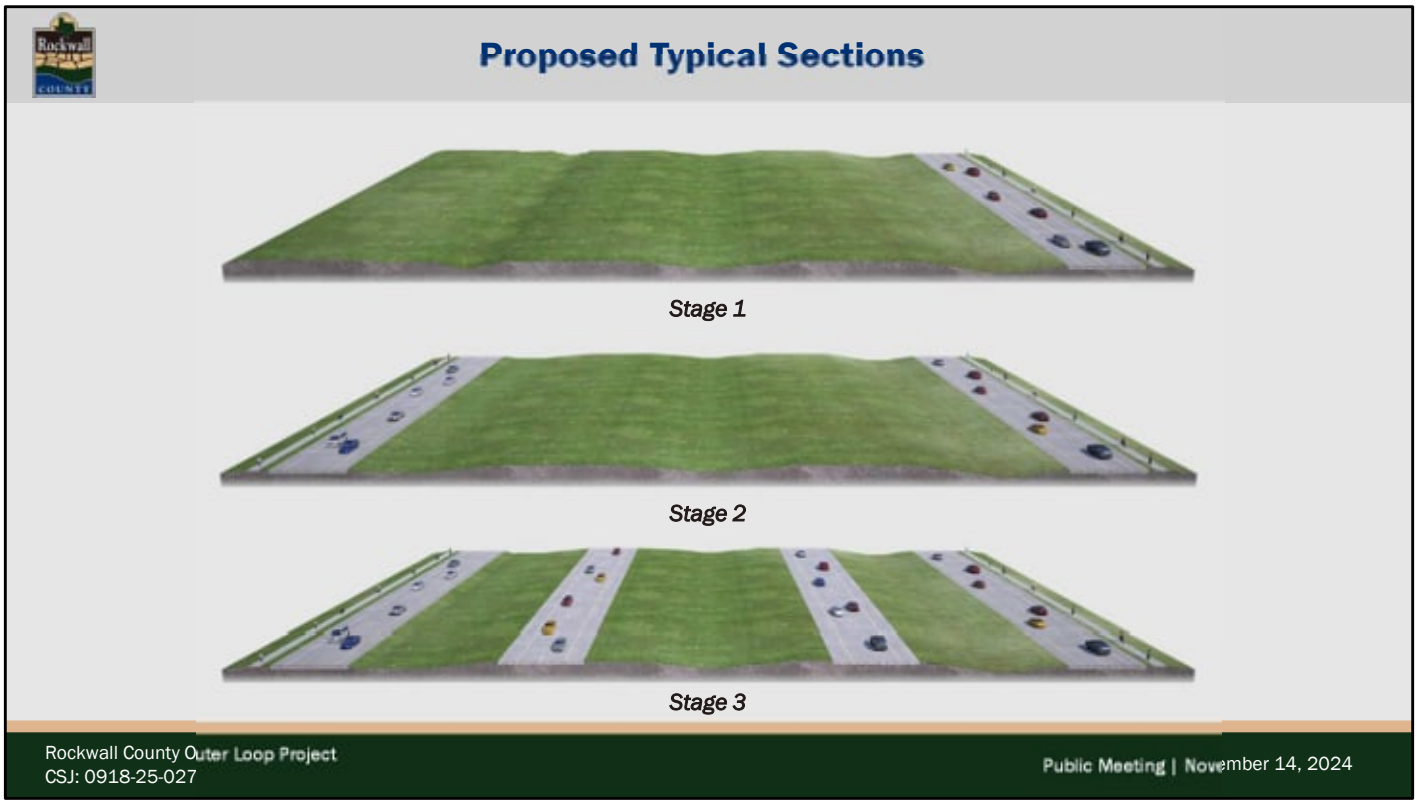

- **Project Limits:** From SH 276 to SH 205
- **Project Length:** Approximately 6.9 miles
- **Current Status:** Schematic Development and Environmental Studies anticipated to begin by Spring 2025

Rockwall County Outer Loop Project
CSJ: 0918-25-027

Public Meeting | November 14, 2024

SLIDE 9 – Project Phase One and Phase Two

The proposed Rockwall County Outer Loop is currently being developed in two phases. Phase 1 extends from FM 2755 to SH 276, a distance of approximately 7.5 miles. Phase 2 extends from SH 276 to SH 205, a distance of approximately 6.9 miles. Phase 1 schematic development and environmental studies are currently underway. No project updates have occurred on Phase 2 since the November 2023 Public Meeting. Phase 2 schematic development and environmental studies are anticipated to begin by Spring 2025.

SLIDE 10 –Proposed Typical Sections

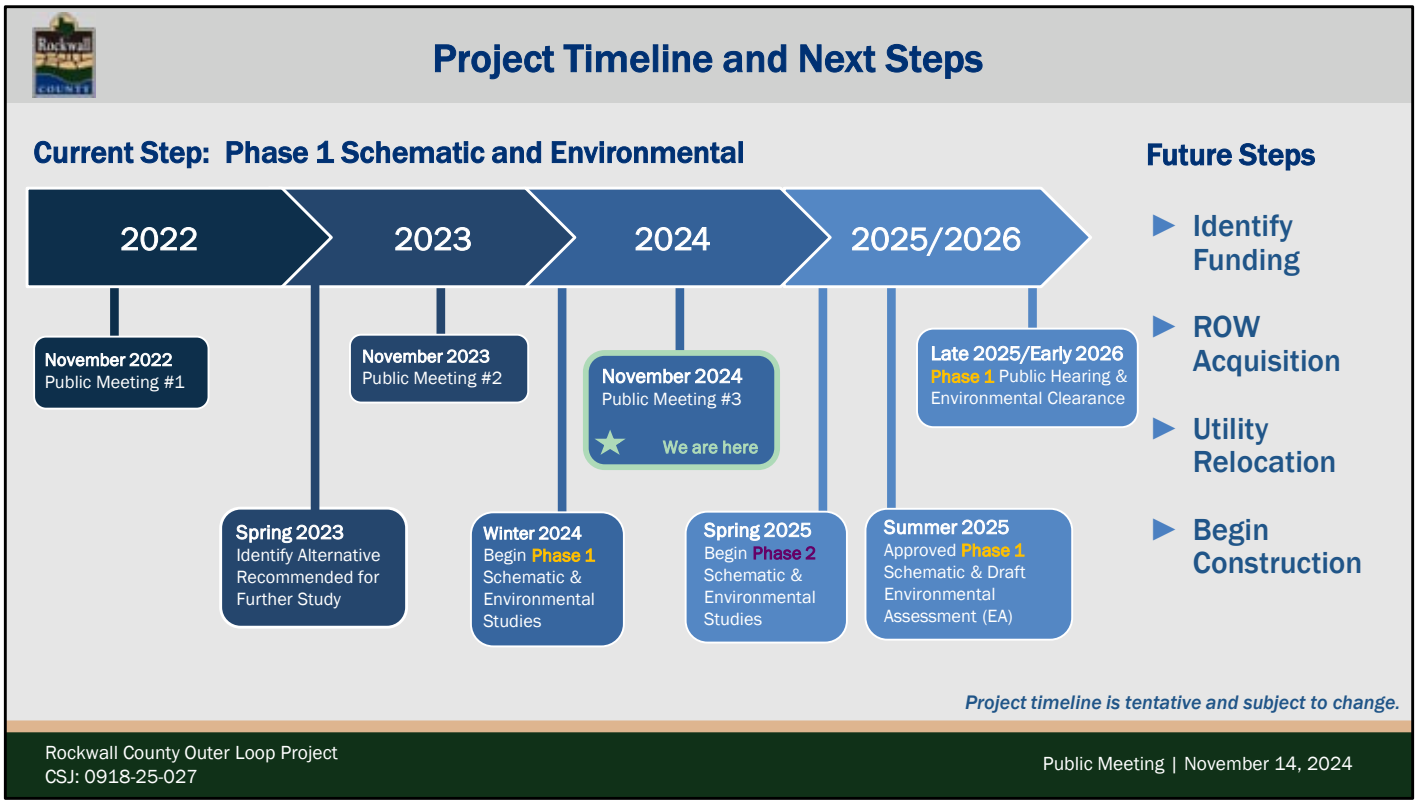

The project would be constructed in stages that are contingent on traffic volumes and available funding.

Stage 1 would construct one frontage road with two lanes, one in each direction, and one shared use path.

Stage 2 would add the other side of the paired frontage road for a total of four frontage road lanes, two lanes in each direction, and two shared use paths. Each frontage road would be converted to one-way operation. The median would be left open for future stages.

Stage 3, the ultimate proposed project configuration, would include the addition of a four-lane access-controlled highway, two main lanes in each direction between the frontage roads. The remaining median would be left open to allow space for future transportation-related developments to be studied separately. The proposed project would also include two shared-use bicycle and pedestrian paths with one on the outside of each frontage road.

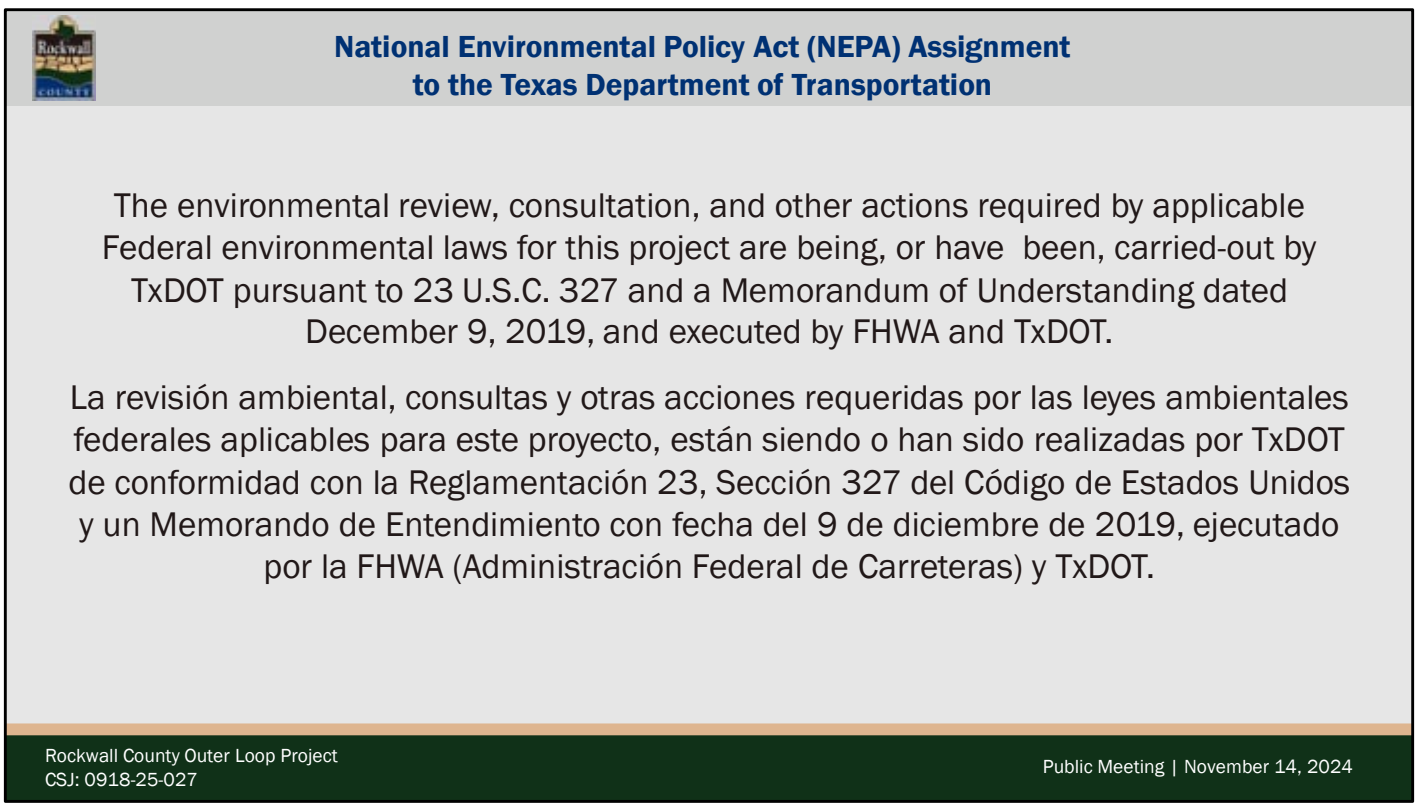

The proposed typical 500-foot-wide right-of-way for all stages would be acquired according to applicable policies and procedures prior to Stage 1.

SLIDE 11 – Project Timeline and Next Steps

An approved Phase 1 schematic and draft environmental assessment, or EA, are expected to be completed in summer of 2025, followed by a public hearing and then environmental clearance in late 2025 to early 2026. Phase 2 schematic and environmental studies will be prepared separately and are anticipated to begin in spring 2025.

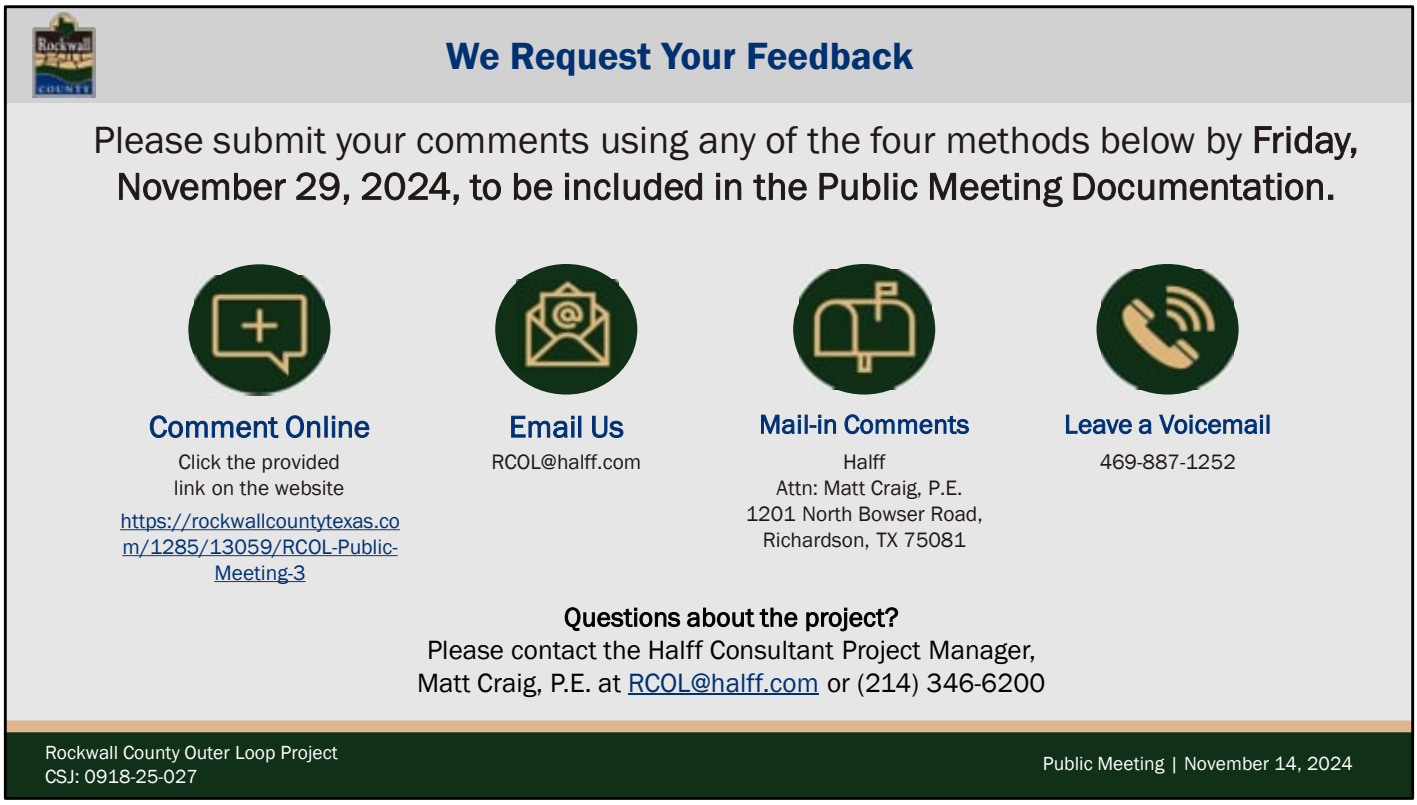

After environmental clearance, funding will be identified, right-of-way acquisition and utility relocation processes will begin, and construction will occur.

SLIDE 12 – National Environmental Policy Act (NEPA) Assignment to the Texas Department of Transportation

Prior to December 16, 2014, the Federal Highway Administration, or FHWA, received and approved documents prepared under the National Environmental Policy Act, known as NEPA; however, on December 14, 2014, the Texas Department of Transportation, or TxDOT, assumed responsibility from FHWA through a Memorandum of Understanding to review and approve certain assigned NEPA environmental documents. This Memorandum of Understanding between TxDOT and FHWA was updated on December 9, 2019. The review and approval process apply to this project. Environmental studies will be conducted for the Rockwall County Outer Loop Project to support an environmental clearance in accordance with NEPA. These environmental analyses are necessary to identify, avoid, and minimize effects to the Human and Natural Environments.

Notices for this Public Meeting were advertised in Spanish in *Al Día*, and in English in the *McKinney Courier-Gazette, Rockwall County Herald-Banner, Royse City Herald-Banner, Dallas Morning News*, and on TxDOT Dallas District's keepitmovingdallas.com under "Public Hearings/Meetings." Notice of the Public Meeting was mailed to study area property owners, elected and public officials, project stakeholders, and previous public meeting participants.

SLIDE 13 – We Request Your Feedback

Your feedback is requested on the Rockwall County Outer Loop Project. Comments will be accepted in four ways, which are outlined here on the slide. All comments will be fully considered and responded to in the project record and made part of the environmental documentation for Rockwall County Outer Loop. The Public Meeting Documentation, including responses to comments, will be made available at www.rockwallcountytexas.com/loop once it is completed. All comments must be received or postmarked by Friday, November 29, 2024, to be included in the official Public Meeting Documentation.

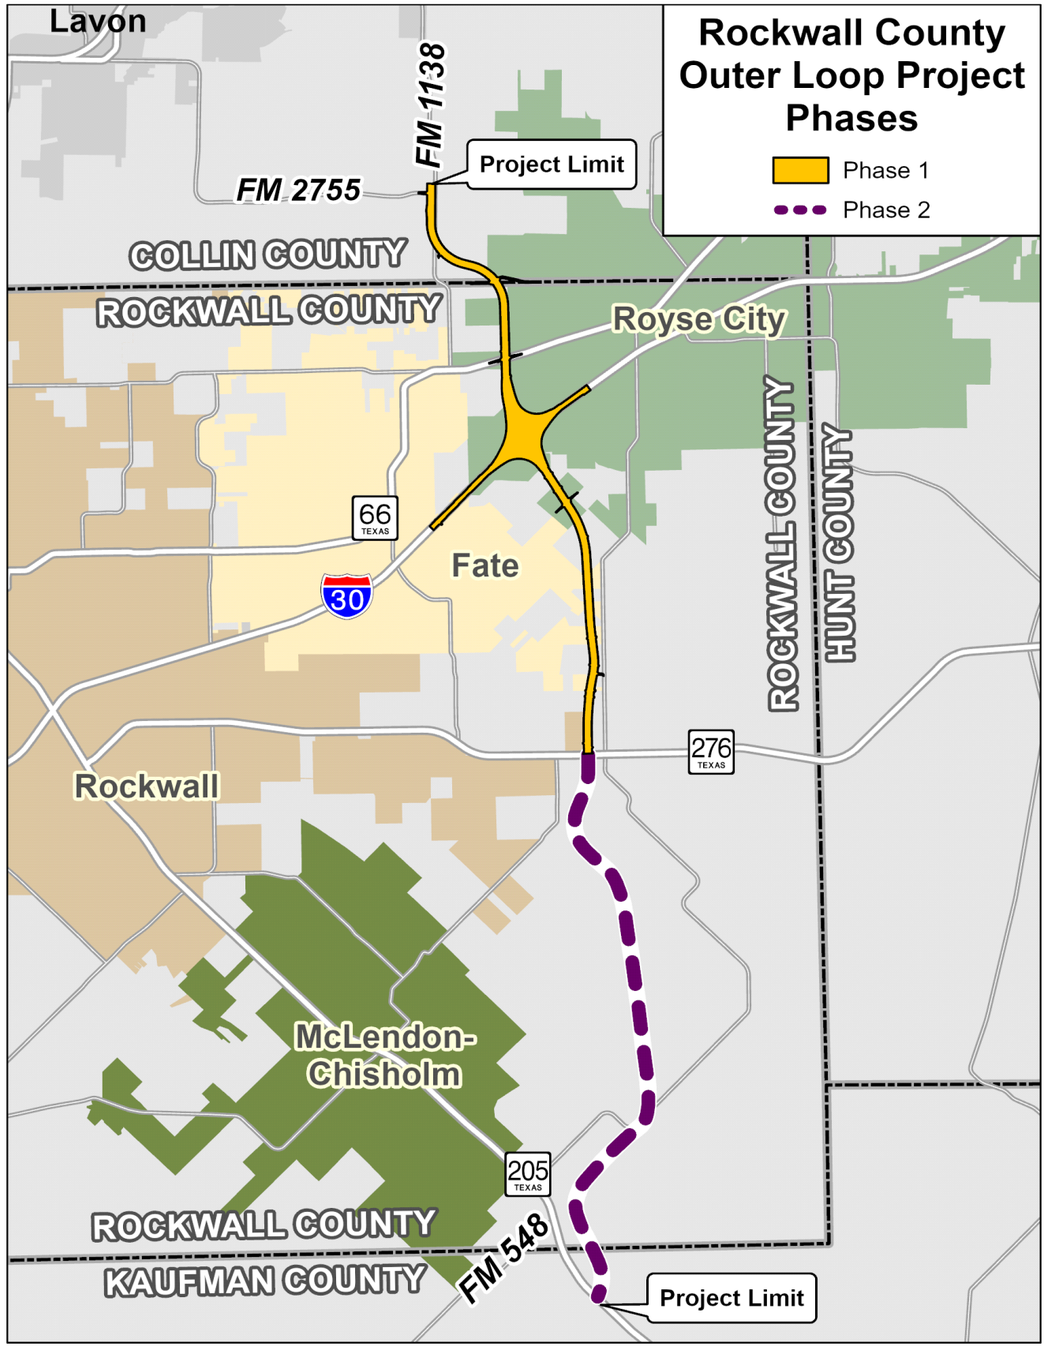

Questions are welcomed throughout the entire project development process. If you have questions or comments throughout the project development, please contact the Consultant Project Manager, Matt Craig, P.E., during regular office hours at (214) 346-6200 or by email at RCOL@halff.com.

SLIDE 14 – Thank You

Thank you. We sincerely appreciate your participation and interest concerning the Rockwall County Outer Loop Project. Your questions, comments, and concerns will receive careful consideration. This concludes the Public Meeting Presentation.

ROCKWALL COUNTY OUTER LOOP

The Rockwall County Outer Loop Project would construct the Rockwall County portion of the regional Outer Loop. The proposed new location roadway is being developed in two phases (Phase 1 and Phase 2). A feasibility study was conducted in 2022 and 2023, which evaluated alternatives through Rockwall County within or near the cities of Fate, Royse City, McLendon-Chisholm, and Rockwall. An alternative recommended for further study for each phase was presented at the November 2023 Public Meeting.

PURPOSE AND NEED

Project Need

The proposed project is needed because there is a lack of north-south connectivity and roadway capacity within Rockwall County to meet local and regional mobility needs and accommodate projected vehicular traffic volume increases on the local roadway network resulting from anticipated development and population growth. A new location roadway is needed within the study area due to the lack of suitable, continuous north-south major arterials.

Project Purpose

The purpose of the proposed project is to improve north-south connectivity and mobility at the local and regional level and accommodate population and traffic volume growth by providing a new roadway that would connect to existing highways and the planned Outer Loop in Collin and Kaufman counties.

PROJECT DETAIL

	Phase 1	Phase 2	Overall Project
Limits	From FM 2755 To SH 276	From SH 276 To SH 205	From FM 2755 To SH 205
Length (approx.)	7.5 miles	6.9 miles	14.4 miles

Construction of the proposed project would occur in stages, both in length and width. Staging in length would be dependent on funding and travel demand along the alignment. The staging in width is anticipated to occur as follows:

- **Stage 1** would construct one frontage road with two lanes, one in each direction, and one shared use path. The proposed typical 500-foot-wide right-of-way (ROW) for all stages would be acquired according to applicable policies and procedures prior to Stage 1.

- **Stage 2** would add the other side of the paired frontage road for a total of four frontage road lanes, two in each direction, and two shared use paths. Each frontage road would be converted to one-way operation. The median would be left open for future stages.

- **Stage 3** would include the addition of a four-lane access-controlled highway, two main lanes in each direction between the frontage roads. The remaining median would be left open to allow space for future transportation-related developments to be studied separately.

PROJECT STATUS AND TIMELINE

The Phase 1 schematic and draft environmental assessment are underway and are expected to be completed in summer of 2025, followed by a public hearing and then environmental clearance in late 2025 to early 2026. Phase 2 schematic and environmental studies will be prepared separately and are anticipated to begin in Spring 2025.

PROGRAMMING AND FUNDING STATUS

MTP (Mobility 2045 Update) **MTP ID:** 111.10.3 and 111.20.1	YES
UTP (2025 Unified Transportation Program)	NO
STIP (Statewide Transportation Improvement Program, 2023-2026)	NO
Funded	$0

Rockwall County is coordinating with TxDOT and NCTCOG to add the proposed project in future UTP and STIP updates.

Current Step: Phase 1 Schematic and Environmental

Public Meeting

Rockwall County Outer Loop Project

From FM 2755 to SH 205

Thursday, November 14, 2024
5:30 P.M. to 7:30 P.M.
Liberty Hall, Rockwall County Courthouse
1111 E Yellow Jacket Lane #401
Rockwall, Texas 75087

National Environmental Policy Act (NEPA) Assignment

The environmental review, consultation, and other actions required by applicable Federal environmental laws for this project are being, or have been, carried-out by TxDOT pursuant to 23 U.S.C. 327 and a Memorandum of Understanding dated December 9, 2019, and executed by FHWA and TxDOT.

La revisión ambiental, consultas y otras acciones requeridas por las leyes ambientales federales aplicables para este proyecto, están siendo o han sido realizadas por TxDOT de conformidad con la Reglamentación 23, Sección 327 del Código de Estados Unidos y un Memorando de Entendimiento con fecha del 9 de diciembre de 2019, ejecutado por la FHWA (Administración Federal de Carreteras) y TxDOT.

Project History

2002

Governor Rick Perry directed TxDOT to develop a statewide network of multimodal transportation improvements to meet demands expected in the 21st Century.

2005

Rockwall County initiated public outreach to develop potential alignments for the Rockwall County portion of an outer loop around Dallas-Fort Worth.

2007

NCTCOG included a regional outer loop in *Mobility 2030* as a circumferential relief route for the metroplex.

2011

NCTCOG released the **Regional Outer Loop Feasibility Study** and included studies of corridors on the east side of the region.

2023

Rockwall County concluded the feasibility study to refine the recommended location of the Rockwall County Outer Loop following a public meeting held in November 2023.

Project Need and Purpose

Need:

The proposed project is needed because there is a lack of north-south connectivity and roadway capacity within Rockwall County to meet local and regional mobility needs and accommodate projected vehicular traffic volume increases on the local roadway network resulting from anticipated development and population growth. A new location roadway is needed within the study area due to the lack of suitable, continuous north-south major arterials.

Purpose:

The purpose of the proposed project is to improve north-south connectivity and mobility at the local and regional level and accommodate population and traffic volume growth by providing a new roadway that would connect to existing highways and the planned Outer Loop in Collin and Kaufman counties.
